QUARTERLY IRS INTEREST RATES USED IN CALCULATING INTEREST ON OVERDUE ACCOUNTS AND REFUNDS ON CUSTOMS DUTIES

AGENCY: Customs Service, Treasury.

ACTION: General notice.

SUMMARY: This notice advises the public of the quarterly Internal Revenue Service interest rates used to calculate interest on overdue accounts (underpayments) and refunds (overpayments) of Customs duties. For the quarter beginning January 1, 2002, the interest rates for overpayments will be 5 percent for corporations and 6 percent for non-corporations, and the interest rate for underpayments will be 6 percent. This notice is published for the convenience of the importing public and Customs personnel.

EFFECTIVE DATE: January 1, 2002.
FOR FURTHER INFORMATION CONTACT: Ronald Wyman, Accounting Services Division, Accounts Receivable Group, 6026 Lakeside Boulevard, Indianapolis, Indiana 46278, (317) 298–1200, extension 1349.

SUPPLEMENTARY INFORMATION:

BACKGROUND

Pursuant to 19 U.S.C. 1505 and Treasury Decision 85–93, published in the Federal Register on May 29, 1985 (50 FR 21832), the interest rate paid on applicable overpayments or underpayments of Customs duties shall be in accordance with the Internal Revenue Code rate established under 26 U.S.C. 6621 and 6622. Section 6621 was amended (at paragraph (a)(1)(B) by the Internal Revenue Service Restructuring and Reform Act of 1998, Pub.L. 105–206, 112 Stat. 685) to provide different interest rates applicable to overpayments: one for corporations and one for non-corporations.

The interest rates are based on the Federal short-term rate and determined by the Internal Revenue Service (IRS) on behalf of the Secretary of the Treasury on a quarterly basis. The rates effective for a quarter are determined during the first-month period of the previous quarter.

In Revenue Ruling 2001–63 (see, 2001–52 IRB 1, dated December 24, 2001), the IRS determined the rates of interest for the calendar quarter beginning January 1, 2002, and ending March 31, 2002. The interest rate paid to the Treasury for underpayments will be the Federal short-term rate (3%) plus three percentage points (3%) for a total of six percent (6%). For corporate overpayments, the rate is the Federal short-term rate (3%) plus two percentage points (2%) for a total of five percent (5%). For overpayments made by non-corporations, the rate is the Federal short-term rate (3%) plus three percentage points (3%) for a total of six percent (6%). These interest rates are subject to change for the calendar quarter beginning April 1, 2002, and ending June 30, 2002.

For the convenience of the importing public and Customs personnel the following list of IRS interest rates used, covering the period from before July of 1974 to date, to calculate interest on overdue accounts and refunds of Customs duties, is published in summary format.

ROBERT C. BONNER,
Commissioner of Customs.

[Published in the Federal Register, February 21, 2002 (67 FR 8063)]
NOTICE OF AVAILABILITY OF DRAFT ENVIRONMENTAL ASSESSMENT FOR PUBLIC REVIEW CONCERNING PROPOSED CONSTRUCTION OF ADVANCED TRAINING CENTER AT HARPERS FERRY, WEST VIRGINIA

AGENCY: Customs Service, Treasury.

ACTION: General notice.

SUMMARY: The Customs Service is issuing this notice to announce the availability for public review and comment of a draft Environmental Assessment (EA) for the proposed construction of an advanced training center at Harpers Ferry, West Virginia. The training center will provide firearms and tactical training for Customs officers. The draft EA has been prepared in accordance with the National Environmental Policy Act of 1969 (NEPA), the Council on Environmental Quality Regulations for Implementing the NEPA, and Treasury Department requirements. Significant public comments will assist in the agency's evaluation of the proposed project and will be reflected in the final EA.

DATES: The draft Environmental Assessment will be available for public review from February 21, 2002, through March 25, 2002. Written comments must be received by March 25, 2002.

ADDRESSES: Written comments may be submitted to Mr. Lee Sullivan, Contracting Officer, c/o Harpers Ferry Project, U.S. Customs Service, 6026 Lakeside Blvd., Field Procurement Services Branch, Indianapolis, IN 46278. The draft Environmental Assessment will be available for public review at the following locations:

1. Bolivar-Harpers Ferry Library, 600 Polk St., Harpers Ferry, West Virginia 25425.
2. Old Charles Town Library, 200 East Washington St., Charles Town, West Virginia 25414.

FOR FURTHER INFORMATION CONTACT: Mr. Lee Sullivan at 317/298-1180 (ext. 1119) or at lee.a.sullivan@customs.treas.gov.

SUPPLEMENTARY INFORMATION:

BACKGROUND

The Customs Service, pursuant to the National Environmental Policy Act of 1969 (NEPA), the Council on Environmental Quality Regulations for Implementing the National Environmental Policy Act (40 CFR Parts 1500–1508), and Department of the Treasury Directive 75–02 (Department of the Treasury Environmental Quality Program), has prepared a draft Environmental Assessment (EA) related to the proposed construction of an advanced training center for Customs officers at Harpers Ferry, West Virginia. The proposed training center will expand Customs
training capability and provide firearms and tactical training tailored to
the unique roles, requirements, and environments in which Customs offi-
cers perform their mission.

The draft EA addresses various project alternatives, their potential
impacts on the environment, and proposed methods to mitigate im-
pacts. The draft EA document will be available for public review be-
tween February 21 and March 25, 2002, at the following locations:
(1) Bolivar-Harpers Ferry Library, 600 Polk St., Harpers Ferry, West
Virginia 25425; (2) Old Charles Town Library, 200 East Washington St.,
Charles Town, West Virginia 25414; and (3) U.S. Customs Service, Na-
tional Place, Procurement Division (Mr. Jim Lieberman), Room 1310,

Significant comments received from the public and agencies during
the review and comment period will be addressed in the final EA and in-
cluded in an Appendix to the final EA. Should Customs determine,
based on comments received and the information presented in the draft
EA, that the design, new construction, and operation of the facility will
not have a significant impact on the environment, Customs will prepare
a Finding of No Significant Impact (FONSI) for publication in the Fed-
eral Register and in a newspaper in general circulation at the project
location. Should Customs determine that significant environmental im-
pacts exist due to the project, Customs will proceed with preparation of
an Environmental Impact Statement as required under the NEPA, the
Council on Environmental Quality Regulations for Implementing the
NEPA, and the Department of the Treasury’s environmental policies
and procedures.

JO ELLEN COHEN,
Acting Assistant Commissioner,
Office of Finance.

DEPARTMENT OF THE TREASURY,  
OFFICE OF THE COMMISSIONER OF CUSTOMS,  

The following documents of the United States Customs Service, Office of Regulations and Rulings, have been determined to be of sufficient interest to the public and U.S. Customs Service field offices to merit publication in the CUSTOMS BULLETIN.

DOUGLAS M. BROWNING,  
Acting Assistant Commissioner,  
Office of Regulations and Rulings.

REVOCATION OF RULING LETTERS AND TREATMENT RELATING TO TARIFF CLASSIFICATION OF CRIB SAFETY TENTS

AGENCY: U.S. Customs Service; Department of the Treasury.

ACTION: Notice of revocation of three tariff classification ruling letters and treatment relating to the classification of crib safety tents.

SUMMARY: Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), this notice advises interested parties that Customs is revoking HQ 960934, dated September 30, 1997; HQ 960933, dated September 30, 1997; and HQ 959262, dated May 6, 1997, relating to the tariff classification under the Harmonized Tariff Schedule of the United States Annotated (HTSUSA) of crib safety tents. Similarly, Customs is revoking any treatment previously accorded by it to substantially identical merchandise. Notice of the proposed revocation was published in the CUSTOMS BULLETIN of January 9, 2001, Vol. 36, No. 2. The Customs Service received no comments during the notice and comment period that closed on February 8, 2002.

EFFECTIVE DATE: This action is effective for merchandise entered or withdrawn from warehouse for consumption on or after May 6, 2002.

FOR FURTHER INFORMATION CONTACT: Beth Safeer, Textiles Branch: (202) 927–1342.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 8, 1993, Title VI, (Customs Modernization), of the North American Free Trade Agreement Implementation Act (Pub. L.
103–182, 107 Stat. 2057) (hereinafter “Title VI”), became effective. Title VI amended many sections of the Tariff Act of 1930, as amended, and related laws. Two new concepts which emerge from the law are “informed compliance” and “shared responsibility.” These concepts are premised on the idea that in order to maximize voluntary compliance with Customs laws and regulations, the trade community needs to be clearly and completely informed of its legal obligations. Accordingly, the law imposes a greater obligation on Customs to provide the public with improved information concerning the trade community’s responsibilities and rights under the Customs and related laws. In addition, both the trade and Customs share responsibility in carrying out import requirements. For example, under section 484 of the Tariff Act of 1930, as amended (19 U.S.C. §1484), the importer of record is responsible for using reasonable care to enter, classify and value imported merchandise, and provide any other information necessary to enable Customs to properly assess duties, collect accurate statistics and determine whether any other applicable legal requirement is met.

Pursuant to section 625(c)(1), Tariff Act of 1930 (19 U.S.C. 1625(c)(1)), as amended by section 623 of Title VI, notice proposing to revoke HQ 960934, dated September 30, 1997; HQ 960933, dated September 30, 1997; and HQ 959262, dated May 6, 1997, relating to the tariff classification of crib safety tents was published on January 9, 2002, in Vol. 36, No. 2 of the CUSTOMS BULLETIN. No comments were received in response to this notice.

Customs previously classified crib safety tents under subheading 9403.90.6000, HTSUSA, which provides for “Other furniture and parts thereof: Parts: Other: Of textile material, except cotton.” Based on our analysis of the scope of the terms of the heading to 9403, HTSUSA, and heading 6304, HTSUSA, the Legal Notes, and the Explanatory Notes, the crib safety tents of the type discussed herein, are classifiable in subheading 6304.91.0040, HTSUSA, which provides for “Other furnishing articles, excluding those of heading 9404; Other Knitted or crocheted: Of man-made fibers.”

Pursuant to 19 U.S.C. 1625(c)(1), Customs is revoking HQ 960934 by the issuance of 965258 (Attachment A), HQ 960933 by the issuance of 965259 (Attachment B) and HQ 959262 by the issuance of 965257 (Attachment C) and any other ruling not specifically identified, that is contrary to the position set forth in this notice, to reflect the proper classification of the merchandise pursuant to the analysis set forth in the proposed foregoing identified rulings. Additionally, pursuant to 19 U.S.C. 1625(c)(2), Customs is revoking any treatment previously accorded by Customs to substantially identical transactions.

As stated in the proposed notice, this revocation will cover any rulings, which may exist but have not been specifically identified. Any party who has received an interpretive ruling or decision (i.e., ruling letter, internal advice memorandum or decision or protest review decision) contrary to the position set forth in this notice, should have advised Cust-
Customs during the notice period. Similarly, pursuant to section 625(c)(2), Tariff Act of 1930, as amended (19 U.S.C. 1625(c)(2)), Customs is revoking any treatment previously accorded by Customs to substantially identical transactions. This treatment may, among other reasons, have been the result of the importer’s reliance on a ruling issued to a third party, Customs personnel applying a ruling of a third party to importations involving the same or similar merchandise, or the importer’s or Customs previous interpretation of the Harmonized Tariff Schedule of the United States. Any person involved in substantially identical transactions should have advised Customs during the notice period. An importer’s reliance on a treatment of substantially identical transactions or on a specific ruling concerning the merchandise covered by this notice which was not identified in this notice may raise the rebuttable presumption of lack of reasonable care on the part of the importer or its agents for importations subsequent to the effective date of this final decision.

In accordance with 19 U.S.C. 1625(c), this ruling will become effective sixty (60) days after its publication in the Customs Bulletin.

JOHN ELKINS,
(for John Durant, Director,
Commercial Rulings Division.)

Category: Classification
Tariff No. 6304.91.0040

MR. JOHN F. COWEN
PHILIP T. COWEN CUSTOMHOUSE BROKERS
1918 East Elizabeth
Brownsville, TX 78520

Re: Revocation of HQ 960934, September 30, 1997; Classification of a crib safety tent.

DEAR MR. COWEN:

This is in reference to Headquarters Ruling Letter (HQ) 960934 issued to you on September 30, 1997, in which you were informed that HQ 088553, dated November 6, 1991 and HQ 087844, dated November 30, 1990, which concerned your client Tots In Mind, Inc., had been revoked by operation of law. The aforementioned rulings concern the classification under the Harmonized Tariff Schedule of the United States (HTSUS) of a crib tent.

As a result of Bauerhin Technologies Limited Partnership v. United States, 110 F.3d 774, 1997 U.S. App. LEXIS 6214, (CAFC 1997), you were informed that HQ 087844 and HQ 088553 were revoked by operation of law. Accordingly, in HQ 960934, dated September 30,
1997, we found that a crib tent was classified in subheading 9403.90.6000, HTSUSA, which provides for “Other furniture and parts thereof: Parts: Other: Of textile material, except cotton.” We have now had occasion to review that decision and found it to be in error. This ruling letter revokes HQ 960934, dated September 30, 1997.

Pursuant to section 625(c), Tariff Act of 1930 (19 U.S. C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act, Pub. L. 103–182, 107 Stat. 2057, 2186 (1993), notice of the proposed revocation of HQ 960934, as described below, was published in the CUSTOMS BULLETIN, Volume 36, Number 2, on January 9, 2002. The Customs Service received no comments during the notice and comment period that closed on February 8, 2002.

Facts:
The merchandise under consideration is a crib safety tent. The crib tent identified as a “Cozy Crib Tent” is described as an attachment to and over a crib to prevent injuries that might otherwise occur when a child attempts to climb out of a crib. The item’s upper portion is composed of knit mesh net material and the sides are composed of woven nylon material. The crib tent is attached to a crib by means of polyester cord ties and straps with hook and loop type fabric fasteners. There is a plastic zipper opening on the front that keeps the child safely in the crib. The framing is made of fiberglass rods with metal attachments.

Issue:
Whether the crib tent is properly classifiable in heading 9403, HTSUSA, which provides for other furniture and parts thereof or in heading 6304, HTSUSA, as an other furnishing article?

Law and Analysis:
Classification under the HTSUSA is made in accordance with the General Rules of Interpretation (GRI). GRI 1 provides that the classification of goods shall be determined according to the terms of the headings of the tariff schedule and any relative Section or Chapter Notes. In the event that the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRIs may then be applied.

The crib safety tent is potentially classifiable in two HTSUSA headings. One possible heading is 9403, HTSUSA, which provides for other furniture and parts thereof. The other possible heading is heading 6304, HTSUSA, which provides for other furnishing articles, excluding those of heading 9404, HTSUSA.

When interpreting and implementing the HTSUS, the Explanatory Notes (ENs) of the Harmonized Commodity Description and Coding System may be utilized. The ENs, while neither legally binding nor dispositive, provide a guiding commentary on the scope of each heading, and are generally indicative of the proper interpretation of the HTSUS. Customs believes the ENs should always be consulted. See T.D. 89–90, 54 Fed. Reg. 35127, 35128 (August 23, 1989).

Heading 9403, HTSUSA, includes “Other furniture and parts thereof.” The subheadings include inter alia metal, wooden, plastic and bamboo furniture. The ENs to heading 9403 state that the heading covers furniture and parts thereof, not covered by the previous headings. It includes inter alia furniture for general use (e.g., cupboards, show-cases, tables, telephone stands, writing desk, escritoires, book-cases, and other shelved furniture), and also furniture for special uses. Other examples listed include folding beds, playpens, cabinets, bread chests, wardrobes, clothes lockers, card index files, school desks, laboratory benches, drawer cupboards etc. While a crib is similar to the items listed in the exemplars to heading 9403, HTSUSA, the crib tent is an accessory to the crib rather than a part of the crib.

In Bauerhin Technologies Limited Partnership v. United States, 110 F3d 774, 1997 U.S. App. LEXIS 6214, (CAFC 1997), the Court addressed the issue of whether or not a canopy designed to fit over a child automobile safety seat which was imported separately and sold as part of the seat to which it was attached was a “part” of the child safety seat for classification purposes. The Court held that because the canopy was dedicated for use with the car seat it was properly considered a “part” under the HTSUSA and therefore classifiable in subheading 9403.90.8080. HTSUSA, which provides for other furniture and parts thereof: parts: other: other, other.

Notably, in Bauerhin the canopies that were classified as parts of car seats were specially designed to fit over child automobile safety seats. [Emphasis added]. Although the
canopies were imported separately from the seats with which they were to be used, they were sold as parts of the seats to which they were attached. In contrast, the Cozy Crib Tent at issue is not sold as part of the crib to which it attaches. The Cozy Crib Tent is an optional item that is sold separately. While the canopy discussed in Bauerhin is designed to fit a particular car seat, the Cozy Crib Tent could be used with any crib. Thus the Bauerhin rationale does not extend to the instant merchandise. Accordingly, the crib safety tent is not properly classified as a part of furniture in heading 9403, HTSUSA.

Heading 6304, HTSUSA

Having determined that the crib safety tent is not properly classifiable as a part of furniture under heading 9403, HTSUSA, we must now determine whether or not the crib safety tent is properly classifiable in Heading 6304, HTSUSA, as an other furnishing article. Heading 6304, HTSUSA, provides for “Other furnishing articles excluding those of heading 9404.”

According to Merriam-Webster’s Deluxe Dictionary 10th Collegiate Edition, The Readers Digest Association, Inc., 1998 at 746, a furnishing is “an object that tends to increase comfort or utility.” The crib tent is an article that would increase both comfort and utility. The crib tent increases the parents’ comfort level knowing that it will keep the child from climbing out or falling out of the crib. Thus, it increases the utility of the crib. Knowing that the child is safe within the crib, the parents may use the crib as a place to put the child while they are focusing on another task, thereby increasing the crib’s utility.

The exemplars listed in the ENs to heading 6304, HTSUSA include inter alia wall hangings and textile furnishings for ceremonies, mosquito nets and bedspreads, cushion covers, loose covers for furniture, table covers and antimacassars. Many of these exemplars are united by the fact that they serve a protective or decorative function. Wall hangings, textile furnishings and cushion covers all form part of a room’s décor. Other exemplars listed in the ENs serve a protective function in addition to a decorative function. That is, they protect either people (the mosquito nets) or furniture (loose covers for furniture or table covers). The subject merchandise is similar to the mosquito netting in that both are composed of net material and both serve to protect persons. Mosquito netting protects people from harmful insect bites as the crib tent protects babies from harmful falls and potential injuries. Mosquito netting, draped over a bed, may also serve a decorative function. Accordingly, the crib safety tent is “ejusdem generis” or “of the same kind” of merchandise as the exemplars listed in heading 6304, HTSUSA.

Holding:

The “Cozy Crib Tent,” composed of knit mesh material and woven nylon material is properly classified in subheading 6304.91.0040, HTSUSA which provides for “Other furnishing articles, excluding those of heading 9404: Other: Knitted or crocheted, Of man-made fibers.” The general column one rate of duty is 7.5 percent ad valorem. The textile quota category applicable to this provision is 666.

The designated textile and apparel category may be subdivided into parts. If so, the visa and quota requirements applicable to the subject merchandise may be affected. Since part categories are the result of international bilateral agreements which are subject to frequent renegotiations and changes, to obtain the most current information available, we suggest your client check, close to the time of shipment, the Status Report On Current Import Quotas (Restraint Levels), an internal issuance of the U.S. Customs Service which is updated weekly and is available for inspection at your local Customs office. The Status Report on Current Import Quotas (Restraint Levels) is also available on the Customs Electronic Bulletin Board (CEBB) which can be found on the U.S. Customs Service Website at www.customs.gov.

Due to the changeable nature of the statistical annotation (the ninth and tenth digits of the classification) and the restraint (quota/visa) categories, your client should contact your local Customs office prior to importation of this merchandise to determine the current status of any import restraints or requirements.

JOHN ELKINS,
(for John Durant, Director,
Commercial Rulings Division.)

DEPARTMENT OF THE TREASURY
U.S. CUSTOMS SERVICE,
CLA-2 RR-CR/TE 960933 BAS
Category: Classification
Tariff No. 6304.91.0040

MR. MICHAEL MANZI, ESQUIRE
59 Jackson Street
Lawrence, MA 01840-1624

Re: Revocation of HQ 960933, September 30, 1997; Classification of a crib safety tent.

DEAR MR. MANZI:

This is in reference to Headquarters Ruling Letter (HQ) 960933 issued to you on September 30, 1997 in which you were informed that HQ 088553, dated November 6, 1991 and HQ 087844, dated November 30, 1990, which concerned your client Totes In Mind, Inc., were revoked by operation of law. The aforementioned rulings concern the classification under the Harmonized Tariff Schedule of the United States (HTSUS) of a crib tent.

As a result of Bauerhin Technologies Limited Partnership v. United States, 110 F3d 774, 1997 U.S. App. LEXIS 6214, (CAFC 1997), you were informed that HQ 087844 and HQ 088553 were revoked by operation of law. Accordingly, in HQ 960933, dated September 30, 1997, we found that a crib tent was classified in subheading 9403.90.6000, HTSUSA, which provides for “Other furniture and parts thereof: Parts: Other: Of textile material, except cotton.” We have now had occasion to review that decision and found it to be in error. This ruling letter revokes HQ 960933, dated September 30, 1997.

Pursuant to section 625(c), Tariff Act of 1930 (19 U.S. C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act, Pub. L. 103-182, 107 Stat. 2057, 2186 (1993), notice of the proposed revocation of HQ 960933, as described below, was published in the CUSTOMS BULLETIN, Volume 36, Number 2, on January 9, 2002. The Customs Service received no comments during the notice and comment period that closed on February 8, 2002.

Facts:
The merchandise under consideration is a crib safety tent. The crib tent identified as a “Cozy Crib Tent” is described as an attachment to and over a crib to prevent injuries that might otherwise occur when a child attempts to climb out of a crib. The item’s upper portion is composed of knit mesh net material and the sides are composed of woven nylon material. The crib tent is attached to a crib by means of polyester cord ties and straps with hook and loop type fabric fasteners. There is a plastic zipper opening on the front that keeps the child safely in the crib. The framing is made of fiberglass rods with metal attachments.

Issue:
Whether the crib tent is properly classifiable in heading 9403, HTSUSA, which provides for other furniture and parts thereof or in heading 6304 HTSUSA, as an other furnishing article?

Law and Analysis:
Classification under the HTSUSA is made in accordance with the General Rules of Interpretation (GRI). GRI 1 provides that the classification of goods shall be determined according to the terms of the headings of the tariff schedule and any relative Section or Chapter Notes. In the event that the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRIs may then be applied.

The crib safety tent is potentially classifiable in two HTSUSA headings. One possible heading is 9403, HTSUSA, which provides for other furniture and parts thereof. The other possible heading is heading 6304, HTSUSA, which provides for other furnishing articles, excluding those of heading 9404, HTSUSA.

When interpreting and implementing the HTSUS, the Explanatory Notes (ENs) of the Harmonized Commodity Description and Coding System may be utilized. The ENs, while
neither legally binding nor dispositive, provide a guiding commentary on the scope of each heading, and are generally indicative of the proper interpretation of the HTSUS. Customs believes the ENs should always be consulted. See T.D. 89-90, 54 Fed. Reg. 35127, 35128 (August 23, 1989).

Heading 9403, HTSUSA, includes “Other furniture and parts thereof.” The subheadings include inter alia metal, wooden, plastic and bamboo furniture. The ENs to heading 9403 state that the heading covers furniture and parts thereof, not covered by the previous headings. It includes inter alia furniture for general use (e.g. cupboards, show-cases, tables, telephone stands, writing desk, escritoires, book-cases, and other shelved furniture), and also furniture for special uses. Other examples listed include folding beds, playpens, cabinets, bread chests, wardrobes, clothes lockers, card index files, school desks, laboratory benches, drawer cupboards etc. While a crib is similar to the items listed in the exemplars to heading 9403, HTSUSA, the crib tent is an accessory to the crib rather than a part of the crib.

In Bauerhin Technologies Limited Partnership v. United States, 110 F3d 774, 1997 U.S. App. LEXIS 6214, (CAFC 1997), the Court addressed the issue of whether or not a canopy designed to fit over a child automobile safety seat which was imported separately and sold as part of the seat to which it was attached was a “part” of the child safety seat for classification purposes. The Court held that because the canopy was dedicated for use with the car seat it was properly considered a “part” under the HTSUSA and therefore classifiable in subheading 9403.90.8080, HTSUSA, which provides for other furniture and parts thereof; parts; other; other, other.

Notably, in Bauerhin the canopies that were classified as parts of car seats were specially designed to fit over child automobile safety seats. [Emphasis added]. Although the canopies were imported separately from the seats with which they were to be used, they were sold as parts of the seats to which they were attached. In contrast, the Cozy Crib Tent at issue is not sold as part of the crib to which it attaches. The Cozy Crib Tent is an optional item that is sold separately. While the canopy discussed in Bauerhin is designed to fit a particular car seat, the Cozy Crib Tent could be used with any crib. Thus the Bauerhin rationale does not extend to the instant merchandise. Accordingly, the crib safety tent is not properly classified as a part of furniture in heading 9403, HTSUSA.

**Heading 6304, HTSUSA**

Having determined that the crib safety tent is not properly classifiable as a part of furniture under heading 9403, HTSUSA, we must now determine whether or not the crib safety tent is properly classifiable in Heading 6304, HTSUSA, as an other furnishing article. Heading 6304, HTSUSA, provides for “Other furnishing articles excluding those of heading 9404.”

According to Merriam Webster’s Deluxe Dictionary (10th Collegiate Edition, The Readers Digest Association, Inc., 1998 at 746, a furnishing is “an object that tends to increase comfort or utility.” The crib tent is an article that would increase both comfort and utility. The crib tent increases the parents’ comfort level knowing that it will keep the child from climbing out or falling out of the crib. Thus, it increases the utility of the crib. Knowing that the child is safe within the crib, the parents may use the crib as a place to put the child while they are focusing on another task, thereby increasing the crib’s utility.

The exemplars listed in the ENs to heading 6304, HTSUSA, include inter alia wall hangings and textile furnishings for ceremonies, mosquito nets and bedspreads, loose covers for furniture, table covers and antimacassars. Many of these exemplars are united by the fact that they serve a protective or decorative function. Wall hangings, textile furnishings and cushion covers all form part of a room’s décor. Other exemplars listed in the ENs serve a protective function in addition to a decorative function. That is, they protect either people (the mosquito nets) or furniture (loose covers for furniture or table covers). The subject merchandise is similar to the mosquito netting in that both are composed of net material and both serve to protect persons. Mosquito netting protects people from harmful insect bites as the crib tent protects babies from harmful falls and potential injuries. Mosquito netting, draped over a bed, may also serve a decorative function. Accordingly, the crib safety tent is “ejusdem generis” or “of the same kind” of merchandise as the exemplars listed in heading 6304, HTSUSA.

**Holding:**

The “Cozy Crib Tent,” composed of knit mesh material and woven nylon material is properly classified in subheading 6304.91.0040, HTSUSA which provides for “Other fur-
nishing articles, excluding those of heading 9404: Other: Knitted or crocheted, Of man
made fibers.” The general column one rate of duty is 7.5 percent ad valorem. The textile
quota category applicable to this provision is 666.

The designated textile and apparel category may be subdivided into parts. If so, the visa
and quota requirements applicable to the subject merchandise may be affected. Since part
categories are the result of international bilateral agreements which are subject to fre-
quent renegotiations and changes, to obtain the most current information available, we
suggest your client check, close to the time of shipment, the Status Report On Current Im-
port Quotas (Restraint Levels), an internal issuance of the U.S. Customs Service which is
updated weekly and is available for inspection at your local Customs office. The Status Re-
port on Current Import Quotas (Restraint Levels) is also available on the Customs Elec-
tronic Bulletin Board (CEBB) which can be found on the U.S. Customs Service Website at
www.customs.gov.

Due to the changeable nature of the statistical annotation (the ninth and tenth digits of
the classification) and the restraint (quota/visa) categories, your client should contact
your local Customs office prior to importation of this merchandise to determine the cur-
rent status of any import restraints or requirements.

JOHN ELKINS,
(for John Durant, Director,
Commercial Rulings Division.)

Category: Classification
Tariff No. 6304.91.0040

MR. JEFFREY RENAUT
A & A CUSTOMS BROKERS, LTD.
425 Medford Street
Charlestown Marine Industrial Park
Charlestown, MA 02129

Re: Revocation of HQ 959262, May 6, 1997; Classification of “Cozy Crib Tent”.

DEAR MR. RENAUT:

This is in reference to Headquarters Ruling Letter (HQ) 959262 issued to you on May 6,
1997, in response to your letter of May 3, 1996 to the U.S. Customs Service, Office of Regu-
lations and Rulings on behalf of your client, Tots in Mind, Inc., requesting a ruling on the
classification under the Harmonized Tariff Schedule of the United States (HTSUS) of a
crib tent.

In HQ 959262, a crib tent was classified in subheading 9403.90.6000, HTSUSA, which
provides for “Other furniture and parts thereof: Parts: Other: Of textile material, except
cotton.” We have now had occasion to review that decision and found it to be in error insofar
as the classification of the crib tent is concerned. This ruling letter revokes HQ 959262.

Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section
623 of Title VI (Customs Modernization) of the North American Free Trade Agreement
revocation of HQ 959262, as described below, was published in the CUSTOMS BULLETIN,
Volume 36, Number 2, on January 9, 2002. The Customs Service received no comments
during the notice and comment period that closed on February 8, 2002.

Facts:

The merchandise under consideration is a crib safety tent. The crib tent identified as a
“Cozy Crib Tent,” style number 1000, is described as an attachment to and over a crib to
prevent injuries that might otherwise occur when a child attempts to climb out of a crib.
The item’s upper portion is composed of knit mesh net material and the sides are composed of woven nylon material. The crib tent is attached to a crib by means of polyester cord ties and straps with hook and loop type fabric fasteners. The article is given shape with the support of fiberglass rods, which connect in pairs and slide through sleeves. There are sleeves that cross diagonally over the center of the material, and two sleeves located at the bottoms of the two longest sides. When the sleeved rods are inserted into rod pockets at the item’s corners, the center of the material becomes the top of a domed enclosure. There also is a long zipper closure, the pull tab of which may be placed in a pocket that is inaccessible to the child.

**Issue:**

Whether the crib tent is properly classifiable in heading 9403, HTSUSA, which provides for other furniture and parts thereof or in heading 6304, HTSUSA, as an other furnishing article?

**Law and Analysis:**

Classification under the HTSUSA is made in accordance with the General Rules of Interpretation (GRI). GRI 1 provides that the classification of goods shall be determined according to the terms of the headings of the tariff schedule and any relative Section or Chapter Notes. In the event that the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRIs may then be applied.

The crib safety tent is potentially classifiable in two HTSUSA headings. One possible heading is 9403, HTSUSA, which provides for other furniture and parts thereof. The other possible heading is 6304, HTSUSA, which provides for other furnishing articles, excluding those of heading 9404, HTSUSA.

When interpreting and implementing the HTSUS, the Explanatory Notes (ENs) of the Harmonized Commodity Description and Coding System may be utilized. The ENs, while neither legally binding nor dispositive, provide a guiding commentary on the scope of each heading, and are generally indicative of the proper interpretation of the HTSUS. Customs believes the ENs should always be consulted. See T.D. 89-90, 54 Fed. Reg. 35127, 35128 (August 23, 1989).

Heading 9403, HTSUSA, includes “Other furniture and parts thereof.” The subheadings include *inter alia* metal, wooden, plastic and bamboo furniture. The ENs to heading 9403 state that the heading covers furniture and parts thereof, **not covered** by the previous headings. It includes *inter alia* furniture for general use (e.g. cupboards, show-cases, tables, telephone stands, writing desk, escritorios, book-cases, and other shelved furniture), and also furniture for special uses. Other examples listed include folding beds, playpens, cabinets, bread chests, wardrobes, clothes lockers, card index files, school desks, laboratory benches, drawer cupboards etc. While a crib is similar to the items listed in the exemplars to heading 9403, HTSUSA, the crib tent is an accessory to the crib rather than a part of the crib.

In *Bauerhin Technologies Limited Partnership v. United States*, 110 F3d 774, 1997 U.S. App. LEXIS 6214, (CAFC 1997), the Court addressed the issue of whether or not a canopy designed to fit over a child automobile safety seat which was imported separately and sold as part of the seat to which it was attached was a “part” of the child safety seat for classification purposes. The Court held that because the canopy was dedicated for use with the car seat it was properly considered a “part” under the HTSUSA and therefore classifiable in subheading 9403.90.8080, HTSUSA, which provides for other furniture and parts thereof: parts; other: other, other.

Notably, in *Bauerhin* the canopies that were classified as **parts** of car seats were specially designed to fit over child automobile safety seats. [Emphasis added]. Although the canopies were imported separately from the seats with which they were to be used, they were sold as parts of the seats to which they were to be attached. In contrast, the Cozy Crib Tent at issue is not sold as part of the crib to which it attaches. The Cozy Crib Tent is an optional item that is sold separately. While the canopy discussed in *Bauerhin* is designed to fit a particular car seat, the Cozy Crib Tent could be used with any crib. Thus the *Bauerhin* rationale does not extend to the instant merchandise. Accordingly, the crib safety tent is not properly classified as a part of furniture in heading 9403, HTSUSA.

**Heading 6304, HTSUSA**

Having determined that the crib safety tent is not properly classifiable as a part of furniture under heading 9403, HTSUSA, we must now determine whether or not the crib safe-
ty tent is properly classifiable in Heading 6304, HTSUSA, as an other furnishing article. Heading 6304, HTSUSA, provides for “Other furnishing articles excluding those of heading 9404.”

According to Merriam Webster’s Deluxe Dictionary at 746 (10th Collegiate Edition, The Readers Digest Association, Inc., 1998) a furnishing is “an object that tends to increase comfort or utility.” The crib tent is an article that would increase both comfort and utility. The crib tent increases the parents’ comfort level knowing that it will keep the child from climbing out or falling out of the crib. Thus, it increases the utility of the crib. Knowing that the child is safe within the crib, the parents may use the crib as a place to put the child while they are focusing on another task, thereby increasing the crib’s utility.

The exemplars listed in the ENs to heading 6304, HTSUSA include inter alia wall hangings and textile furnishings for ceremonies, mosquito nets and bedspreads, cushion covers, loose covers for furniture, table covers and antimacassars. Many of these exemplars are united by the fact that they serve a protective or decorative function. Wall hangings, textile furnishings and cushion covers all form part of a room’s décor. Other exemplars listed in the ENs serve a protective function in addition to a decorative function. That is, they protect either people (the mosquito nets) or furniture (loose covers for furniture or table covers). The subject merchandise is similar to the mosquito netting in that both are composed of net material and both serve to protect persons. Mosquito netting protects people from harmful insect bites as the crib tent protects babies from harmful falls and potential injuries. Mosquito netting, draped over a bed, may also serve a decorative function. Accordingly, the crib safety tent is "eujdem generis" or "of the same kind" of merchandise as the exemplars listed in heading 6304, HTSUSA.

Holding:

The “Cozy Crib Tent,” composed of knit mesh material and woven nylon material is properly classified in subheading 6304.91.0040, HTSUSA which provides for “Other furnishing articles, excluding those of heading 9404: Other: Knitted or crocheted, Of man-made fibers.” The general column one rate of duty is 7.5 percent ad valorem. The textile quota category applicable to this provision is 666.

The designated textile and apparel category may be subdivided into parts. If so, the visa and quota requirements applicable to the subject merchandise may be affected. Since part categories are the result of international bilateral agreements which are subject to frequent renegotiations and changes, to obtain the most current information available, we suggest your client check, close to the time of shipment, the Status Report on Current Import Quotas (Restraint Levels), an internal issuance of the U.S. Customs Service which is updated weekly and is available for inspection at your local Customs office. The Status Report on Current Import Quotas (Restraint Levels) is also available on the Customs Electronic Bulletin Board (CEBB) which can be found on the U.S. Customs Service Website at www.customs.gov.

Due to the changeable nature of the statistical annotation (the ninth and tenth digits of the classification) and the restraint (quota/visa) categories, your client should contact your local Customs office prior to importation of this merchandise to determine the current status of any import restraints or requirements.

JOHN ELKINS,
(for John Durant, Director,
Commercial Rulings Division.)
MODIFICATION OF RULING LETTER AND REVOCATION OF TREATMENT RELATING TO TARIFF CLASSIFICATION OF CRIB BUMPERS AND PADDED HEADBOARDS

AGENCY: U.S. Customs Service; Department of the Treasury.

ACTION: Notice of modification of a tariff classification ruling letter and revocation of treatment relating to the classification of a crib bumper and padded headboard.

SUMMARY: Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), this notice advises interested parties that Customs is modifying New York (NY) Decision Letter E89383, relating to the tariff classification under the Harmonized Tariff Schedule of the United States Annotated (HTSUSA) of a crib bumper and padded headboard. Similarly, Customs is revoking any treatment previously accorded by it to substantially identical merchandise. Notice of the proposed modification was published in the CUSTOMS BULLETIN of December 26, 2001, Vol. 35, No. 52. The Customs Service received no comments during the notice and comment period that closed on January 25, 2002.

EFFECTIVE DATE: This action is effective for merchandise entered or withdrawn from warehouse for consumption on or after May 6, 2002.

FOR FURTHER INFORMATION CONTACT: Beth Safeer, Textiles Branch: (202) 927–1342.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 8, 1993, Title VI, (Customs Modernization), of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057) (hereinafter “Title VI”), became effective. Title VI amended many sections of the Tariff Act of 1930, as amended, and related laws. Two new concepts which emerge from the law are “informed compliance” and “shared responsibility.” These concepts are premised on the idea that in order to maximize voluntary compliance with Customs laws and regulations, the trade community needs to be clearly and completely informed of its legal obligations. Accordingly, the law imposes a greater obligation on Customs to provide the public with improved information concerning the trade community’s responsibilities and rights under the Customs and related laws. In addition, both the trade and Customs share responsibility in carrying out import requirements. For example, under section 484 of the Tariff Act of 1930, as amended (19 U.S.C. §1484), the importer of record is responsible for using reasonable care to enter, classify and value imported merchandise, and provide any other information necessary to enable Customs to properly assess duties, collect accurate statistics and determine whether any other applicable legal requirement is met.

Pursuant to section 625(c)(1), Tariff Act of 1930, as amended (19 U.S.C. 1625(c)(1), notice proposing to modify New York (NY) decision
NY E89383, dated November 23, 1999, was published on December 26, 2001, in Vol. 35, No. 52, of the Customs Bulletin. No comments were received in response to this notice.

Customs previously classified crib bumpers and padded headboards under subheading 6307.90.9989, HTSUSA, (6307.90.9889, HTSUSA, 2002) which provides for other made up textile articles. NY E89383, dated November 23, 1999, classified a crib bumper and soft headboard in subheading 9403.90.8080, HTSUSA, which provides for “Other furniture and parts thereof: Parts: Other: Other: Other.” Based on our analysis of the scope of the terms of the heading to 9403, HTSUSA, and 6307, HTSUSA, the Legal Notes, and the Explanatory Notes, the crib bumper and padded headboard of the type discussed herein, are classifiable in subheading 6307.90.9889, HTSUSA, which provides for “Other made up articles, including dress patterns: Other; Other: Other: Other: Other.”

Pursuant to 19 U.S.C. 1625(c)(1), Customs is modifying NY E89383 by the issuance of HQ 965149 (Attachment) and any other ruling not specifically identified, that is contrary to the position set forth in this notice, to reflect the proper classification of the merchandise pursuant to the analysis set forth in the foregoing identified ruling. Additionally, pursuant to 19 U.S.C. 1625(c)(2), Customs is revoking any treatment previously accorded by Customs to substantially identical transactions.

As stated in the proposed notice, this revocation will cover any rulings which may exist but have not been specifically identified. Any party who has received an interpretive ruling or decision (i.e., ruling letter, internal advice memorandum or decision or protest review decision) contrary to the position set forth in this notice, should have advised Customs during the notice period. Similarly, pursuant to section 625(c)(2), Tariff Act of 1930, as amended (19 U.S.C. 1625(c)(2)), Customs is revoking any treatment previously accorded by Customs to substantially identical transactions. This treatment may, among other reasons, have been the result of the importer’s reliance on a ruling issued to a third party, Customs personnel applying a ruling of a third party to importations involving the same or similar merchandise, or the importer’s or Customs previous interpretation of the Harmonized Tariff Schedule of the United States. Any person involved in substantially identical transactions should have advised Customs during the notice period. An importer’s reliance on a treatment of substantially identical transactions or on a specific ruling concerning the merchandise covered by this notice which was not identified in this notice may raise the rebuttable presumption of lack of reasonable care on the part of the importer or its agents for importations subsequent to the effective date of this final decision.
In accordance with 19 U.S.C. 1625(c), this ruling will become effective sixty (60) days after its publication in the Customs Bulletin.

JOHN ELKINS,
(for John Durant, Director,
Commercial Rulings Division.)

DEPARTMENT OF THE TREASURY
U.S. CUSTOMS SERVICE,
CLA-2 RR-CR:TE 965149 BAS
Category: Classification
Tariff No. 6307.90.9889

MS LEIGH SMITH
US JHI CORPORATION
8612 Fairway Place
Middleton, WI 53562

Re: Modification of NY E89383, November 23, 1999; Classification of bumper pad and soft padded headboard.

DEAR MS. SMITH:

This is in reference to New York Ruling Letter (NY) E89383 issued to you on November 23, 1999, in response to your letter of October 27, 1999 to the Director, Customs National Commodity Specialist Division in New York, on behalf of US JHI Corporation, requesting a ruling on the classification under the Harmonized Tariff Schedule of the United States Annotated (HTSUSA) of a bumper pad, comforter, soft headboard, fitted sheet and bed skirt.

Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act, Pub. L. 103-182, 107 Stat. 2057, 2186 (1993), notice of the proposed modification of NY E89383, as described below, was published in the Customs Bulletin, Volume 35, Number 52, on December 26, 2001. The Customs Service received no comments during the notice and comment period that closed on January 25, 2002.

In NY E89383, dated November 23, 1999, a five piece bedding set imported packed for retail sale was classified in subheading 9404.90.8522, HTSUS, which provides for mattress supports; articles of bedding and similar furnishing fitted with springs or stuffed or internally fitted with any material or of cellular rubber or plastics, whether or not covered. Appropriate classifications were provided for each item in the set should it be imported separately. The bumper pad and soft headboard were classified in subheading 9403.90.8080, HTSUSA, which provides for other furniture and parts thereof. We have now had occasion to review that decision and found it to be in error insofar as the classification of the crib bumper and padded headboard is concerned.

Facts:

The merchandise under consideration consists of a bumper pad and a soft headboard for a crib.

One side of the bumper pad (KT948 BP) is made from 100 percent cotton woven fabric. This “farm checked” fabric is printed with a check pattern that incorporates sheep and clover in the design. The reverse side is made from 65 percent polyester and 35 percent cotton woven fabric. This side is solid yellow in color. It features tie strings used to attach the pad to the crib. It also has piping and a ruffle.
The soft headboard (KT948S) is dome shaped and has tie strings used to attach the item to the headboard of a crib. One side is made from the “farm checked” 100 percent cotton woven fabric and the other side from a 65 percent polyester and 35 percent cotton woven fabric. The top and side edges have a sewn in ruffle and piping. The front panel contains a sheep and clover embroidered and appliqued design.

The bumper pad and soft headboard were classified in subheading 9403.90.8080, HTSUSA, which provides for other furniture and parts thereof. This ruling letter only modifies NY E89383 insofar as it concerns the classifications of the bumper pad and soft headboard when imported separately.

Issue:

Whether the bumper pad and padded headboard are properly classifiable in heading 9403, HTSUSA, as other furniture and parts thereof or under heading 6307, HTSUSA, as other made-up textile articles?

Law and Analysis:

Classification under the HTSUSA is made in accordance with the General Rules of Interpretation (GRI). GRI 1 provides that the classification of goods shall be determined according to the terms of the headings of the tariff schedule and any relative Section or Chapter Notes. In the event that the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRI's may then be applied.

The crib bumper pad and headboard are potentially classifiable in two HTSUSA headings. One possible heading is 9403, HTSUSA, which provides for other furniture and parts thereof. Heading 6307, HTSUSA, which provides for other made up textile articles, is the other potentially applicable heading for the articles in question.

When interpreting and implementing the HTSUS, the Explanatory Notes (ENs) of the Harmonized Commodity Description and Coding System may be utilized. The ENs, while neither legally binding nor dispositive, provide a guiding commentary on the scope of each heading, and are generally indicative of the proper interpretation of the HTSUS. Customs believes the ENs should always be consulted. See T.D. 89-90, 54 Fed. Reg. 35127, 35128 (August 23, 1989).

Heading 9403 includes “Other furniture and parts thereof.” Note 4(A) of the Chapter Notes to Chapter 94 defines furniture as:

Any “movable” articles (not included under other more specific headings of the Nomenclature), which have the essential characteristic that they are constructed for placing on the floor or ground, and which are used, mainly with a utilitarian purpose to equip private dwellings, hotels, theatres, cinemas, offices, churches, schools, cafes, restaurants, laboratories, hospitals, dentists’ surgeries, etc. or ships, aircraft, railway coaches, motor vehicles, caravan-trailers or similar means of transport. (It should be noted that, for the purposes of this Chapter, articles are considered to be “movable” furniture even if they are designed for bolting, etc. to the floor, e.g. chairs for use on ships). Similar articles (seats, chairs, etc.) for use in gardens, squares, promenades, etc. are also included in this category.

In the instant case, the crib bumper and padded headboard are not “ejusdem generis” or “of the same kind” of merchandise as the items listed in heading 9403 and/or the furniture and parts referred to in the EN. None of the exemplars are soft or stuffed items like the subject merchandise. The exemplars are predominantly composed of wood, metal or other rigid material. Nor do any of the exemplars serve a protective function as do the crib bumper and padded headboard. Accordingly, the crib bumper pad and padded headboard are not properly classifiable under heading 9403.

In Bauerhin Technologies Limited Partnership v. U.S., 110 F.3d 774, 1997 U.S. App. LEXIS 6214, (CAFC 1997), the Court addressed the issue of whether or not a canopy designed to fit over a child automobile safety seat which was imported separately and sold as part of the seat to which it was attached was a “part” of the child safety seat for classification purposes. The Court held that because the canopy was dedicated for use with the car seat it was properly considered a “part” under the HTSUSA and therefore classifiable in subheading 9403.90.8080, HTSUSA, which provides for other furniture and parts thereof; parts; other: other; other.

Notably, in Bauerhin the canopies that were classified as parts of car seats were specially designed to fit over child automobile safety seats. [Emphasis added]. Although the canopies were imported separately from the seats with which they were to be used, they were sold as parts of the seats to which they were to be attached. In contrast, the crib
bumper and padded headboard in the instant case are not sold as parts of the cribs to which they attach. The bumper and padded headboard are optional items and are sold separately as part of a five piece bedding set. [Emphasis added] While the canopy discussed in Bauerhin is designed to fit a particular car seat, the bumper pad and headboard could be used with any crib. Thus the Bauerhin rationale does not extend to the instant merchandise.

This office has followed Bauerhin in select cases where the merchandise either had rigid parts making it similar to the exemplars listed in heading 9403 or where the merchandise was designed, marketed and sold to be attached to a particular piece of furniture or equipment. See HQ 959262, May 6, 1997 (“Cozy Crib Tent” given shape by the support of fiberglass rods classified in heading 9403); HQ 960933 and HQ 960934, both dated September 30, 1997 (concerning crib tents with fiberglass rods and metal attachments); HQ 088553, dated November 6, 1991; HQ 087844, dated November 30, 1990 (Cozy Crib tents with frame of fiberglass rods with metal attachment classified in heading 9403). The crib bumper and padded headboard are distinguishable from the crib tents in that they contain no rigid supports or parts. Nor are the crib bumper and padded headboard dedicated solely for use with a particular crib. See HQ 962186, June 1, 1999 (Mosquito netting designed to fit over a specific “Pack-N-Play” model play pen classified in heading 9403).

Heading 6307, HTSUSA, is a residual provision which provides for other made up articles of textiles. Section Note 7 (e) of Section XI, which covers textiles and textile articles states in pertinent part as follows:

7. For the purposes of this Section the expression “made up” means:

Assembled by sewing ** **

The instant article has been assembled by sewing, therefore it constitutes a made up textile article. The Explanatory Notes state regarding Heading 6307:

This heading covers made up articles of any textile material which are not included more specifically in the heading of Section XI or elsewhere in the Nomenclature.

Since the padded headboard and crib bumper at issue are not covered by any more specific heading, they are classifiable in Heading 6307, HTSUSA.

Customs has consistently classified merchandise that is almost identical to the subject merchandise under heading 6307. See HQ 965008, dated August 27, 2001; HQ 961391, dated April 19, 1998; HQ 959347, dated July 18, 1996; NY G87894, dated March 26, 2001; NY G85992, January 11, 2001; NY 807912, dated May 29, 1995; NY 885602, May 10, 1993; NY 851101, dated April 25, 1990.

Holding:

The bumper pad and soft padded headboard made from 100 percent cotton woven fabric are properly classified in subheading 6307.90.9889, HTSUSA, which provides for “Other made up articles, including dress patterns; Other; Other: Other: Other: Other.” The general column one rate of duty is 7 percent ad valorem. There is no textile quota category applicable to this provision.

Due to the changeable nature of the statistical annotation (the ninth and tenth digits of the classification) and the restraint (quota/visa) categories, you should contact the local Customs office prior to importing the merchandise to determine the current applicability of any import restraints or requirements.

JOHN ELKINS.
(for John Durant, Director,
Commercial Rulings Division.)
REVOCATION OF RULING LETTER AND TREATMENT RELATING TO COMPLIANCE WITH ACTUAL USE REGULATIONS

AGENCY: U.S. Customs Service, Department of the Treasury.

ACTION: Notice of revocation of ruling letter and treatment relating to compliance with actual use regulations.

SUMMARY: Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057), this notice advises interested parties that Customs is revoking a ruling relating to the showing of intent as to actual use under section 10.134 of the Customs Regulations (19 CFR 10.134), and revoking any treatment Customs has previously accorded to substantially identical transactions. Notice of the proposed revocation was published on January 9, 2002, in the CUSTOMS BULLETIN.

EFFECTIVE DATE: This revocation is effective for merchandise entered or withdrawn from warehouse for consumption on or after May 6, 2002.

FOR FURTHER INFORMATION CONTACT: James A. Seal, Commercial Rulings Division (202) 927–0760.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 8, 1993, Title VI (Customs Modernization), of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057), became effective. Title VI amended many sections of the Tariff Act of 1930, as amended, and related laws. Two new concepts which emerge from the law are informed compliance and shared responsibility. These concepts are based on the premise that in order to maximize voluntary compliance with Customs laws and regulations, the trade community needs to be clearly and completely informed of its legal obligations. Accordingly, the law imposes a greater obligation on Customs to provide the public with improved information concerning the trade community’s rights and responsibilities under the Customs and related laws. In addition, both the trade and Customs share responsibility in carrying out import requirements. For example, under section 484, Tariff Act of 1930, as amended (19 U.S.C. 1484), the importer of record is responsible for using reasonable care to enter, classify and declare value on imported merchandise, and to provide other necessary information to enable Customs to properly assess duties, collect accurate statistics and determine whether any other legal requirement is met.

Pursuant to Customs obligations, a notice was published on January 9, 2002, in the CUSTOMS BULLETIN, Volume 36, Number 2, proposing to revoke HQ 961431, dated December 1, 1998. This decision held that the
failure to file a declaration of intended use with the consumption entry, as required by section 10.134 of the Customs Regulations, was not fatal to an actual use claim under heading 9817.00.60, HTSUS. In that the declaration could be filed at any time prior to liquidation of the entry or, if the entry was liquidated, before the liquidation became final, in accordance with section 10.112 of the Customs Regulations. The only comment received in response to this notice raised an ancillary issue which has been independently addressed.

As stated in the proposed notice, this revocation will cover any rulings on this merchandise which may exist but have not been specifically identified. Any party who has received an interpretative ruling or decision (i.e., ruling letter, internal advice memorandum or decision, or protest review decision) on the merchandise subject to this notice, should have advised Customs during the comment period. Similarly, pursuant to section 625(c)(2), Tariff Act of 1930 (19 U.S.C. 1625(c)(2)), as amended by section 623 of Title VI, Customs is revoking any treatment previously accorded by Customs to substantially identical transactions. This treatment may, among other reasons, be the result of the importer’s reliance on a ruling issued to a third party, Customs personnel applying a ruling of a third party to importations of the same or similar merchandise, or the importer’s or Customs previous interpretation of the HTSUS. Any person involved in substantially identical transactions should have advised Customs during this notice period. An importer’s reliance on a treatment of substantially identical transactions or on a specific ruling concerning the merchandise covered by this notice which was not identified in this notice may raise the rebuttable presumption of lack of reasonable care on the part of the importer or its agents for importations subsequent to the effective date of this final decision.

Pursuant to 19 U.S.C. 1625(c)(1), Customs is revoking HQ 961431 to reflect the proper interpretation of section 10.134 of the Customs Regulations, in the described circumstances, pursuant to the analysis in HQ 965354, which is set forth as the Attachment to this document. Additionally, pursuant to 19 U.S.C. 1625(c)(2), Customs is revoking any treatment it previously accorded to substantially identical transactions.

In accordance with 19 U.S.C. 1625(c), this ruling will become effective 60 days after publication in the Customs Bulletin.

MARVIN AMERNICK,
(for John Durant, Director,
Commercial Rulings Division.)

Re: HQ 961431 Revoked; Declaration of Intended Use Under Actual Use Provision.

DEAR SIRS:

Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act, Pub. L. 103–182, 107 Stat. 2057, 2186 (1993), notice of the proposed revocation of HQ 961431 was published on January 9, 2002, in the CUSTOMS BULLETIN Volume 36, Number 2. The only comment received in response to this notice raised an ancillary issue which has been independently addressed. As stated in the proposed notice of revocation, since HQ 961431 was a protest review decision, liquidation of the entries in the protest will be undisturbed.

FACTS:
The merchandise in HQ 961431, internal combustion engines for use with agricultural machinery, was entered under a provision in heading 8408, Harmonized Tariff Schedule of the United States (HTSUS), as other internal combustion engines. The entries were liquidated dutiable under this provision. On protest, a claim was made under heading 9817.00.60, HTSUS, as parts to be used in articles provided for in headings 8432, 8433, 8434 and 8436. The claim is based on the fact that the commercial invoice and bill of lading indicate that the engines were intended for use in agricultural implements. The record reflects that the declaration of intended use required to support a claim under heading 9817 was not filed with the entry summary but rather, twenty one days thereafter.

ISSUE:
Whether a declaration of intended use submitted after the consumption entry is filed is sufficient proof of required intent under an actual use provision.

LAW AND ANALYSIS:
The engines were entered under subheading 8408.90.90, HTSUS, as other compression-ignition internal combustion piston engines (diesel or semi-diesel engines), and the entries liquidated dutiable. The claim on protest is under heading 9817.00.60, HTSUS, as parts to be used in articles provided for in headings 8432, 8433, 8434 and 8436. This is a duty-free provision for parts of machinery, equipment and implements to be used for agricultural or horticultural purposes.

As indicated in HQ 961431, the stated use of the engines is in a legitimate agricultural or horticultural pursuit. However, there must be compliance with the actual use regulations in sections 10.131 through and including 10.139 of the Customs Regulations (19 CFR 10.131–10.139). Section 10.134, Customs Regulations, states, in relevant part, that the showing of intent as to actual use, such intent being manifested at the time of importation as required by section 10.133(a), shall be made by filing with the consumption entry a declaration of intended use or by entering the proper subheading of an HTS actual use provision on the entry form. The record in this case shows that a declaration of intent was filed twenty one days after the date of the entry summary.

HQ 961431 concluded that protestant’s failure to file the declaration required by section 10.134, Customs Regulations, with the entries is not fatal to the claim under heading 9817.00.60, HTSUS, because under section 10.112, Customs Regulations, the declaration of intended use may be filed at any time prior to liquidation of the entry or, if the entry was liquidated, before the liquidation becomes final. This is incorrect and no longer represents Customs position in the circumstances. It is clear from section 10.133 of the Customs Regulations that with respect to a claim under an actual use provision such use must be intended at the time of importation. It is likewise clear from section10.134 that one method of
showing the required intent is by filing a declaration of intended use with the consumption entry or entries. Failure to file the required declaration with the entry or entries indicates noncompliance with section 10.133. This noncompliance is not curable under section 10.112 as this provision relates merely to the late filing of documents.

Holding:

Failure to file a declaration of intended use under an actual use provision with the consumption entry of entries indicates noncompliance with section 10.133, Customs Regulations, and is not curable under section 10.112, Customs Regulations. In these circumstances, a claim under heading 9817.00.60, HTSUS, is not sustainable.

Effect on Other Rulings:

HQ 961431, dated December 1, 1998, is revoked. In accordance with 19 U.S.C. 1625(c), this ruling will become effective 60 days after its publication in the Customs Bulletin.

Marvin Amernick,
(for John Durant, Director,
Commercial Rulings Division.)

PROPOSED MODIFICATION AND REVOCATION OF RULING LETTERS AND TREATMENT RELATING TO TARIFF CLASSIFICATION OF TRAVEL BAGS

AGENCY: U.S. Customs Service, Department of the Treasury.

ACTION: Notice of proposed modification and revocation of rulings and treatment relating to the tariff classification of travel bags.

SUMMARY: Pursuant to section 625(c), Tariff Act of 1930, as amended (19 U.S.C. 1625(c)), this notice advises interested parties that Customs intends to modify/revokes rulings pertaining to the tariff classification of travel bags, and to revoke any treatment previously accorded by Customs to substantially identical merchandise.

DATE: Comments must be received on or before April 5, 2002.

ADDRESS: Written comments are to be addressed to the U.S. Customs Service, Office of Regulations and Rulings, Attention: Regulations Branch, 1300 Pennsylvania Avenue, N.W., Washington, D.C. 20229. Comments submitted may be inspected at the same address.

FOR FURTHER INFORMATION CONTACT: Greg Deutsch, Textiles Branch (202) 927–2302.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 8, 1993, Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057) (hereinafter “Title VI”) became effective. Title VI amended many sections of the Tariff Act of 1930, as amended, and related laws. Two new concepts which emerge from the law are “in-
formed compliance” and “shared responsibility.” These concepts are premised on the idea that, in order to maximize voluntary compliance with Customs laws and regulations, the trade community needs to be clearly and completely informed of its legal obligations. Accordingly, the law imposes a greater obligation on Customs to provide the public with improved information concerning the trade community’s responsibilities and rights under the Customs and related laws. In addition, both the trade and Customs share responsibility in carrying out import requirements. For example, under section 484 of the Tariff Act of 1930, as amended (19 U.S.C. § 1484), the importer of record is responsible for using reasonable care to enter, classify and value imported merchandise, and provide any other information necessary to enable Customs to properly assess duties, collect accurate statistics and determine whether any other applicable legal requirement is met.

Pursuant to section 625(c)(1), Tariff Act of 1930, as amended (19 U.S.C. § 1625(c)(1)), this notice advises interested parties that Customs intends to modify one ruling letter and revoke one ruling letter, each pertaining to the tariff classification of a travel bag. Customs might normally treat the misclassifications stated in these rulings as clerical error. Due to the passage of significant time, however, and the potential for adverse impact on the importers, Customs is publishing notice of the proposed modification and revocation.

Although in this notice Customs is specifically referring to two rulings, these being Port Ruling Letters (PD) D85274 and PD D83382, this notice covers any rulings relating to the specific issues of tariff classification set forth in the two rulings, which may exist but have not been specifically identified. Customs has undertaken reasonable efforts to search existing data bases for rulings in addition to those identified. No additional rulings have been found. Any party who has received an interpretive ruling or decision (i.e., a ruling letter, an internal advice memorandum or decision, or a protest review decision) on the issues subject to this notice, should advise Customs during the notice period. Similarly, pursuant to section 625(c)(2), Tariff Act of 1930, as amended (19 U.S.C. § 1625(c)(2)), Customs intends to revoke any treatment previously accorded by the Customs Service for substantially identical merchandise. This treatment may, among other reasons, be the result of the importer’s reliance on a ruling issued to a third party. Customs personnel applying a ruling that was issued to a third party to importations involving the same or a similar issue, or the importer’s or Customs previous interpretation of the Harmonized Tariff Schedule. Any person involved in the classification of substantially identical merchandise should advise Customs during this notice period. An importer’s failure to advise Customs of substantially identical merchandise, or of a specific ruling not identified in this notice, may raise the rebuttable presumption of lack of reasonable care on the part of the importer or its agents for importations subsequent to the effective date of the final decision on this notice.
In PD D85274, dated December 10, 1998, one of the three bags at issue, identified by style number 75187 and by the name “Garden Party,” was classified in subheading 4202.22.8050, Harmonized Tariff Schedule of the United States Annotated (HTSUSA), textile category 670, which in pertinent part, provides for “* * * Handbags, whether or not with shoulder strap, including those without handle: With outer surface of sheeting of plastic or of textile materials: Other: Other: Of man-made fibers.” The bag measured approximately 15 inches by 10½ inches by 4 inches, had one zippered central compartment, one zippered pocket sewn into the lining, and two carrying handles composed of the same material as the outer surface (100 percent polyester textile material).

In PD D83382, dated November 20, 1998, an open top, 100 percent wool woven tote bag was classified in subheading 4202.92.2000, HTSUSA, which in pertinent part, provides for “* * * Travel, sports and similar bags: With outer surface of textile materials: Of vegetable fibers and not of pile or tufted construction: Other.” PD D85274 and PD D83382 are set forth as Attachments A and B, respectively, to this document.

Upon review of PD D85274, we find that the dimensions and features of the bag identified as “Garden Party” are similar to those of travel bags known as “tote” bags, and that the bag should be classified in subheading 4202.92.3031, HTSUSA, textile category 670, the provision for “Trunks * * *: Other: With outer surface of sheeting of plastic or of textile materials: Travel, sports and similar bags: With outer surface of textile materials: Other, Other: Of man-made fibers: Other.”

Upon review of PD D83382, we note that wool is not a vegetable fiber, and find that the bag should therefore be classified in subheading 4202.92.3091, HTSUSA, textile category 870, which provides for “Trunks * * *: Other: With outer surface of sheeting of plastic or of textile materials: Travel, sports and similar bags: With outer surface of textile materials: Other, Other: Other.”

Pursuant to 19 U.S.C. § 1625(c)(1), Customs intends to modify PD D85274, and to revoke PD D83382, and any other rulings not specifically identified which involve identical or substantially identical merchandise, to reflect the proper classification of the articles according to the analyses in Proposed Headquarters Ruling Letters (HQ) 963573 and HQ 963610, which are set forth as Attachments C and D, respectively, to this document. Additionally, pursuant to 19 U.S.C. § 1625(c)(2), Customs intends to revoke any treatment that Customs may have previously accorded to substantially identical merchandise. Before taking this action, consideration will be given to any written comments timely received.

JOHN ELKINS,
(for John Durant, Director,
Commercial Rulings Division.)

MR. MICHAEL R. SPANO
MICHAEL R. SPANO & CO.
190 McKe Street
Floral Park, NY 11001

Re: The tariff classification of polyester and polypropylene handbags from China.

DEAR MR. SPANO:

In your letter dated November 25, 1998 you requested tariff classifications for three handbags on behalf of your client, Candies Inc.

Style no. 75187 “Garden Party” is a handbag with outer surface of 100% polyester fabric. It measures approximately 10½” x 4” x 15”. The bag features a single interior compartment with a zippered top closure. A single zippered pocket is sewn into the lining of the compartment. The outer surface is decorated on one side with three artificial flowers made of textile materials. The bag is carried by means of two handles made of the same fabric as its outer surface.

Style no. 75194 “Seeing Stripes” is a handbag with outer surface of 75% polypropylene and 25% polyester. It measures approximately 8” x 2½” x 10”. The bag features a single interior compartment with a zippered top closure. The bag is carried by means of two handles made of the same fabric as its outer surface.

Style no. 75192 “Heather or Not” is a handbag with outer surface of polypropylene fabric. It measures approximately 8½” x 2½” x 10”. The bag features a single interior compartment with a zippered top closure. A single zippered pocket is sewn into the lining of the compartment. The bag is carried by means of two plastic handles.

The applicable subheading for styles nos. 75187, 75192, and 75194 will be 4202.22.8050, Harmonized Tariff Schedule of the United States (HTS), which provides for handbags, with outer surface of textile materials, other, other, other, of man-made fibers. The rate of duty will be 19 percent ad valorem.

Item 4202.22.8050 falls within textile category designation 670. Based upon international textile trade agreements, products of China are subject to quota and the requirement of a visa. The designated textile and apparel categories may be subdivided into parts. If so, quota and requirements applicable to the subject merchandise may be affected. Part categories are the result of international bilateral agreements which are subject to frequent renegotiations and changes. To obtain the most current information available, we suggest that you check, close to the time of shipment, the Status Report on Current Import Quotas (Restrain Levels), an internal issuance of the U.S. Customs Service, which is available for inspection at your local Customs office.

This ruling is being issued under the provisions of Part 177 of the Customs Regulations (19 C.F.R. 177).

A copy of the ruling or the control number indicated above should be provided with the entry documents filed at the time this merchandise is imported.

ARTIS M. MORGAN, JR.,
Port Director,
Seattle.

Re: The tariff classification of a tote bag from Colombia.

DEAR MR. SMITH:

In your letter dated October 30, 1998, you requested a classification ruling.

The submitted sample is a handmade tote bag. The bag consists of 13 inches long x 10½ inches wide and is produced in a variety of different colors. It has a top closure and is carried by a shoulder strap. Your sample will be returned to you as requested.

The applicable subheading for the 100% wool woven tote bag will be 4202.92.2000, Harmonized Tariff Schedule of the United States Annotated, which provides for travel, sports and similar bags, with outer surface of textile materials, of vegetable fibers and of pile or tufted construction, other. The duty rate will be 6.2% ad valorem.

This ruling is being issued under the provisions of Part 177 of the Customs Regulations. A copy of this ruling letter should be attached to the entry documents filed at the time this merchandise is imported. If the documents have been filed without a copy, this ruling should be brought to the attention of the Customs officer handling the transaction.

Floral Park, NY 11001

Re: Modification of PD D85274; “Garden Party” Bag; “Tote” Bag similar to Travel, Sports and Similar Bags; Not Handbag.

DEAR MR. SPANO:

In Port Ruling Letter (PD) D85274, issued to you on December 10, 1998, one of the three bags classified therein, identified as “Garden Party” and by style number 75187, was classified in subheading 4202.22.8050, Harmonized Tariff Schedule of the United States Annotated (HTSUSA), textile category 670, which in pertinent part, provides for: “* * * Handbags, whether or not with shoulder strap, including those without handle: With outer surface of sheeting of plastic or of textile materials: Other: Other: Other, Of man-made fibers.”

We have reviewed PD D85274 and have found the ruling to be in error. Therefore, this ruling modifies PD D85274.

Facts:

The sample bag classified in PD D85274 had an outer surface composed of 100 percent polyester textile material. The bag measured approximately 15 inches by 10½ inches by 4
inches, had one zippered central compartment, one zippered pocket sewn into the lining, and two carrying handles that were composed of the same material as the outer surface.

**Issue:**

Whether the “Garden Party” bag is properly classified as a handbag in subheading 4202.22.8050, HTSUSA, or as a “tote,” similar to a travel bag in subheading 4202.92.3031, HTSUSA.

**Law and Analysis:**

Classification under the HTSUSA is made in accordance with the General Rules of Interpretation (GRI). GRI 1 provides that the classification of goods shall be determined according to the terms of the headings of the tariff schedule and any relative Section or Chapter Notes. In the event that the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRI may then be applied. The Explanatory Notes (EN) to the Harmonized Commodity Description and Coding System, which represent the official interpretation of the tariff at the international level, facilitate classification under the HTSUSA by offering guidance in understanding the scope of the headings and GRI.

Among other articles, heading 4202, HTSUSA, covers traveling bags, toiletry bags, handbags, and similar containers. Subheading 4202.92, HTSUSA, provides in part for travel, sports and similar bags. Additional U.S. Note 1 to chapter 42, HTSUSA, states:

For the purposes of heading 4202, the expression “travel, sports and similar bags” means goods, other than those falling in subheadings 4202.11 through 4202.39, of a kind designed for carrying clothing and other personal effects during travel, including backpacks and shopping bags of this heading. *** ***

Subheadings 4202.21 through 4202.29, HTSUSA, provide for handbags. The word “handbag” is defined in Webster’s New World Dictionary, Second College Edition, 1972, as: “1. a small container for money, toilet articles, keys, etc., carried by women; purse 2. a small suitcase or valise.”

In Headquarters Ruling Letter (HQ) 957917, issued July 7, 1995, this office reconsidered and reclassified in subheading 4202.92.1500, HTSUSA, a woven cotton bag which measured approximately 14 inches by 10 inches by 5 inches. The bag had a reinforced open top with double carrying straps, one central compartment, no lining, and no additional pockets or compartments. We stated that tote bags similar to those described immediately above were no longer classifiable as handbags, and that such bags were to be regarded as multipurpose bags for carrying various personal effects.

In HQ 962364, dated December 8, 1998, we classified three separate bags with outer surfaces of cotton and textile carrying handles. Each bag measured approximately 9 inches in height by 11 1/2 inches in width, and had gussets allowing expansion to approximately 3 inches in depth. Two of the bags had one zippered central compartment, no lining, and no additional pockets, and one of the bags had an open top, central compartment and a flat pocket attached to its interior lining. We found that none of the bags was designed or intended to be used as a container for items normally carried in a woman’s handbag, and that all three styles were multipurpose bags for carrying various personal effects other than, or in addition to, those normally carried in a woman’s handbag. The bags were classified as travel bags in subheading 4202.92.1500, HTSUSA.

In this case, the dimensions and features of the bag identified as style 75187 indicate that the bag is a multipurpose “tote” for carrying various personal effects other than, or in addition to, those normally carried in a woman’s handbag. The bag is classified in subheading 4202.92.3031, HTSUSA.

**Holding:**

PD D85274, dated December 10, 1998, is hereby modified.

The bag identified by style no. 75187 and as “Garden Party,” is classified in subheading 4202.92.3031, HTSUSA, textile category 670, the provision for “Trunks * * *: Other: With outer surface of sheeting of plastic or of textile materials: Travel, sports and similar bags: With outer surface of textile materials: Other, Other: Of man-made fibers: Other.” The general column one duty rate is 18.1 percent ad valorem. There are no applicable quota/visa requirements for the products of World Trade Organization (“WTO”) members. The textile category number above applies to merchandise produced in non-WTO countries.

The designated textile and apparel category may be subdivided into parts. If so, visa and quota requirements applicable to the subject merchandise may be affected. Since part
categories are the result of international bilateral agreements which are subject to frequent renegotiations and changes, to obtain the most current information available, we suggest that you check, close to the time of shipment, the Status Report On Current Import Quotas (Restraint Levels), an internal issuance of the U.S. Customs Service, which is available for inspection at your local Customs office. The Status Report On Current Import Quotas (Restraint Levels) is also available on the Customs Electronic Bulletin Board (CEBB) which can be found on the U.S. Customs Service Website at www.customs.gov.

Due to the changeable nature of the statistical annotation (the ninth and tenth digits of the classification) and the restraint (quota/visa) categories applicable to textile merchandise, you should contact your local Customs office prior to importation of this merchandise to determine the current status of any import restraints or requirements.

JOHN DUANT.
Director,
Commercial Rulings Division.

Tariff No. 4202.92.3091

MR. CLAY SMITH
1726 Edgewater Drive
Edgewater, FL 32132

Re: Revocation of PD D83382, Tote Bag of Woven Wool.

DEAR MR. CLAY:

In Port Ruling Letter (PD) D83382, issued to you November 20, 1998, a woven wool tote bag was classified in subheading 4202.92.2000, Harmonized Tariff Schedule of the United States Annotated (HTSUSA), which in pertinent part, provides for "** * **Travel, sports and similar bags: With outer surface of textile materials: Of vegetable fibers and not of pile or tufted construction: Other." We have reviewed PD D83382 and have found the ruling to be in error. Therefore, this ruling revokes PD D83382.

Facts:
The sample bag which was the subject of PD D83382 was described as an open top, 100 percent wool woven tote bag which measured 13 inches in length by 10½ inches in height, and which had a shoulder strap 27 inches in length.

Issue:
Whether the bag is properly classified in a provision for travel bags with outer surface of textile materials composed of vegetable fibers

Law and Analysis:
Classification under the HTSUSA is made in accordance with the General Rules of Interpretation (GRI). GRI 1 provides that the classification of goods shall be determined according to the terms of the headings of the tariff schedule and any relative Section or Chapter Notes. In the event that the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRI may then be applied. The Explanatory Notes (EN) to the Harmonized Commodity Description and Coding System, which represent the official interpretation of the tariff at the international level, facilitate classification under the HTSUSA by offering guidance in understanding the scope of the headings and GRI.
The provision in which the tote bag at issue was classified—subheading 4202.92.2000, HTSUSA—provides for bags with an outer surface of textile materials that are composed
of vegetable fibers. The subject bag, however, is composed of 100 percent woven wool. Although woven wool is a textile material, wool is composed of animal fibers, not vegetable fibers. The bag is therefore classified in subheading 4202.92.3091, HTSUSA, which provides for travel bags with outer surface of textile materials that are other than vegetable fibers, paper yarn, silk, or man-made fibers.

Holding:

PD D83382, issued November 20, 1998, is hereby revoked.

The tote bag composed of woven wool is classified in subheading 4202.92.3091, HTSUSA, textile category 870, which in pertinent part, provides for "* * * Travel, sports and similar bags: With outer surface of textile materials: Other; Other: Other." The general column one duty rate is 18.1 percent ad valorem. There are no applicable quota/visa requirements for the products of World Trade Organization ("WTO") members. The textile category number above applies to merchandise produced in non-WTO countries.

The designated textile and apparel category may be subdivided into parts. If so, visa and quota requirements applicable to the subject merchandise may be affected. Since part categories are the result of international bilateral agreements which are subject to frequent renegotiations and changes, to obtain the most current information available, we suggest that you check, close to the time of shipment, the Status Report On Current Import Quotas (Restraint Levels), an internal issuance of the U.S. Customs Service, which is available for inspection at your local Customs office. The Status Report On Current Import Quotas (Restraint Levels) is also available on the Customs Electronic Bulletin Board (CEBB) which can be found on the U.S. Customs Service Website at www.customs.gov.

Due to the changeable nature of the statistical annotation (the ninth and tenth digits of the classification) and the restraint (quota/visa) categories applicable to textile merchandise, you should contact your local Customs office prior to importation of this merchandise to determine the current status of any import restraints or requirements.

John Durant,
Director,
Commercial Rulings Division.
