SUMMARY: This document amends Department of Homeland Security regulations pertaining to the field organization of the Bureau of Customs and Border Protection by conditionally establishing a new port of entry at New River Valley, Virginia, and terminating the user-fee status of New River Valley Airport. The new port of entry consists of all the area surrounded by the continuous outer boundaries of the Montgomery, Pulaski and Roanoke counties in the Commonwealth of Virginia, including New River Valley Airport, which currently is operated as a user-fee airport. These changes will assist the Bureau of Customs and Border Protection in its continuing efforts to provide better service to carriers, importers and the general public.

EFFECTIVE DATE: May 19, 2006.

SUPPLEMENTARY INFORMATION:

BACKGROUND

In a Notice of Proposed Rulemaking published in the Federal Register (70 FR 38637) on July 5, 2005, the Department of Homeland Security (DHS), Bureau of Customs and Border Protection
(CBP), proposed to amend 19 CFR 101.3(b)(1) by conditionally estab-
lishing a new port of entry at New River Valley, VA. The new port of
entry, as proposed, would include the area surrounded by the con-
tinuous outer boundaries of the Montgomery, Pulaski and Roanoke
counties in the Commonwealth of Virginia. This area includes New
River Valley Airport, located in the town of Dublin, Virginia, which
currently operates and is listed as a user-fee airport at 19 CFR
122.15(b). The change of status for New River Valley Airport, from a
user-fee airport to inclusion within the boundaries of a port of entry,
would subject the airport to the passenger processing fee provided

CBP proposed to establish the new port of entry based on its re-
view of the level and pace of development in the New River Valley
area. CBP evaluated whether there is a sufficient volume of import
business (actual or potential) to justify the expense of maintaining a
new office or expanding service in the New River Valley area based
on the criteria for port of entry designations set forth in Treasury
Decision (T.D.) 82-37 (Revision of Customs Criteria for Establishing
Ports of Entry and Stations, 47 FR 10137), as revised by T.D. 86-14
(51 FR 4559) and T.D. 87-65 (52 FR 16328). New River Valley was
proposed to be a conditional port of entry based on the potential of
the area. The actual and potential workload statistics of the area
were set forth in the Notice of Proposed Rulemaking. See 70 FR at
38637-38.

ANALYSIS OF COMMENTS AND CONCLUSION

Several comments were received in response to the Notice of Pro-
posed Rulemaking. All of the comments were favorable to the pro-
posal. Each comment was favorable in the entirety; no alternate
courses of action, limitations or possible problems were presented by
the commenters. Because CBP continues to believe that the poten-
tial volume of import business in New River Valley supports a new
port of entry there, and that the establishment of the new port of en-
try will assist CBP in its continuing efforts to provide better service
to carriers, importers and the general public, CBP is conditionally
establishing the new port of entry as proposed. In three years, CBP
will review the actual workload generated within the new port of en-
try. If that review indicates that the actual workload is below the T.D.
82-37 standards (as amended), procedures may be instituted to re-
voke the port of entry status. In such case, New River Valley airport
may reapply to become a user-fee airport under the provisions of 19

DESCRIPTION OF THE NEW PORT OF ENTRY LIMITS

The geographical limits of the new New River Valley port of entry
are as follows:

**AUTHORITY**

**THE REGULATORY FLEXIBILITY ACT AND EXECUTIVE ORDER 12866**

With DHS approval, CBP establishes, expands and consolidates CBP ports of entry throughout the United States to accommodate the volume of CBP-related activity in various parts of the country. The Office of Management and Budget has determined that this regulatory action is not significant within the meaning of Executive Order 12866. This action also will not have a significant economic impact on a substantial number of small entities. Accordingly, it is certified that this document is not subject to the additional requirements of the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.).

**SIGNING AUTHORITY**

The signing authority for this document falls under 19 CFR 0.2(a) because the establishment of a new port of entry and the termination of the user-fee status of an airport are not within the bounds of those regulations for which the Secretary of the Treasury has retained sole authority. Accordingly, this final rule may be signed by the Secretary of Homeland Security or his delegate.
