

# CBP ACE Manifest Truck Software Vendors

February 19, 2025

U.S. Customs and  
Border Protection

## **Truck Manifest Software Vendor List**

**In response to requests from the trade community, the Office of Information and Technology has assembled a list of companies/persons who have developed software applications for ACE electronic truck manifest. All companies/persons who are listed below have been through the U.S. Customs and Border Protection (CBP) testing process. Inclusion in this list does not constitute any form of an endorsement by CBP as to the nature, extent or quality of the software applications that may be provided.**

**Please note that there are many additional authorized ACE electronic truck manifest filing services that are not listed here. This list is limited to the primary developers of software that assembles and formats data for transmission to CBP. It does not include authorized data processing services that incorporate, use or market the software products of the listed companies/persons to provide ACE electronic truck manifest filing services.**

**The selection of a particular data processing service is strictly an individual user decision. Inquiries concerning specific capabilities should be addressed to the individual organization.**

**Last Update: June 12, 2024**
