

Continued Dumping and Subsidy Offset Act of 2000 (CDSOA) Funds Withheld from Special Account as of 03/28/2016

A significant amount of litigation has challenged various provisions of the CDSOA. CBP will continue to withhold funds from the CDSOA Special Account associated with any cases involved in ongoing litigation until the amounts at issue in the pending litigation have been withheld. This process will continue until a final decision is reached in the pending litigation.
