## Introduction

The ACE Secure Data Portal allows authorized users to receive and respond to three commonly used U.S. Customs and Border Protection (CBP) forms:

- CBP Form 28: Request for Information
- CBP Form 29: Notice of Action
- CBP Form 4647: Notice to Mark/Notice to Re-Deliver

In order to utilize this functionality, trade users must set the “*Mode of Communication*” and be given access to “*Forms*.” “*Mode of Communication*” only applies to how the trade receives and responds to CBP forms. The modes of communication are “*Mail*” and “*Portal*.” Unless a “*Mode of Communication*” is selected, the default communication regarding CBP forms will be U.S. Postal Service mail.

*Accounts electing to receive copies of forms through the ACE Portal are not required to respond through the ACE Portal. Responses may be submitted to CBP through the ACE Portal or submitted to CBP at the port of entry where the entry summary is filed.*

The Trade Account Owner (TAO) must grant access to the “*Mode of Communication*” link to any Proxy Trade Account Owner (PTAO) and Trade User who needs access. Once the mode of communication has been set and the proper authority has been granted for “*Forms*,” the trade user will be able to receive, view, search and respond to CBP Forms 28, 29 and 4647. The trade user will also be able to respond to a post summary request for additional documents.

## Granting User Access to Mode of Communication

---

To grant a user access, the TAO should follow the steps below:

1. Select the **Tools** tab.

2. Select **User Access**. The “User Access” portlet will display a list of your users.

3. Select the link of the last name of the user you wish to edit in the “Last Name” column. The “User Access” portlet displays with the account information for the user selected. You can change the options for “User Role” and “Access to Top Account” if needed.
4. Select the **Continue** button to view the current access for the user you have selected.
5. Select the **Importer** sub-tab to change to the importer account type permissions.
6. Select the **Edit Importer Permissions** link.
7. Select the appropriate radio button for access to the “Mode of Communication” link.
  - “Full Access” will allow the user to create, maintain and display the “Mode of Communication.”
  - “Read Only Access” will allow the user to display the “Mode of Communication.”
  - “No Access” will prevent display of the “Mode of Communication” link in the “Account Selector” portlet.
8. Select **Continue**. Changes are displayed in the “Permissions” column indicating the new access privileges granted.
9. Select **Save** after you have reviewed the updates made to the user’s access privileges.

## Setting Mode of Communication

---

Once the TAO has granted you access, you must choose the mode in which communication regarding CBP Forms 28, 29 and 4647 will be conducted. The modes of communication are “Mail,” via U.S. Postal Service, and “Portal,” via ACE Secure Data Portal.

The “*Mode of Communication*” can be selected at either the top account level or the sub-account (importer of record) level.

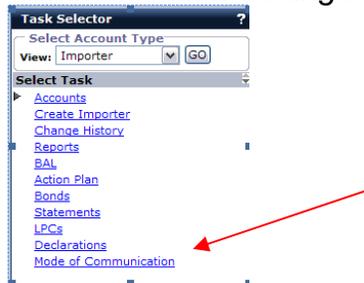

- If the mode is selected at the top account level, then all forms pertaining to the top account and any of the sub-accounts will be sent by the “*Mode of Communication*” selected.
- If the “*Mode of Communication*” is selected at the sub-account level, then that mode will only apply to the particular sub-account selected.

To set the “*Mode of Communication*,” follow the steps below:

1. Select the **Accounts** tab.

2. Select **Importer** from the “*Select Account Type*” drop down and click the **Go** button.
3. Select the **Mode of Communication** link from the “*Task Selector*.” The “*Mode of Communication Settings*” portlet displays.

4. Select the **Edit** button.
5. Select the check boxes for the **Modes** that apply.

Modes:  Mail  Portal

Apply these settings to all accounts under this account (for this account type)?  
 Yes  No

Save Cancel

Please note that authorized users can select both “Mail” and “Portal” as their “*Mode of Communication*.” Users will then be able to view and respond to the CBP form via the ACE Portal as well as receive a copy in the mail. By selecting “Portal,” the account is not obligated to respond via the ACE Portal.

6. Select the radio button to apply to all accounts.
7. Select the **Save** button to confirm the settings.

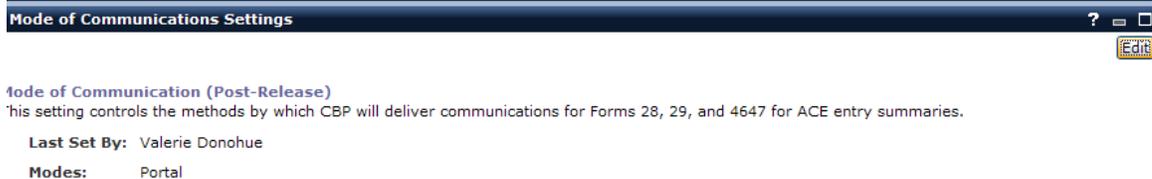

Please note that to set the “Mode of Communication” at the sub-account level, you will need to select the sub-account before selecting the “Mode of Communication” link.

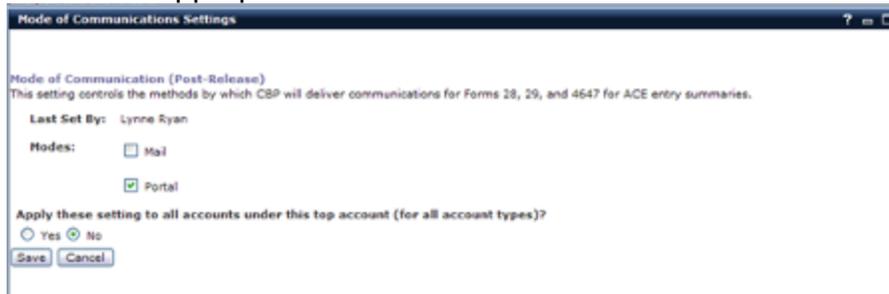

## Changing the Mode of Communication

If the “Mode of Communication” needs to be changed, follow the steps below:

1. Select the **Accounts** tab.
2. Select **Importer** from the “Select Account Type” drop down and click the **Go** button.
3. Select the **Mode of Communication** link from the “Task Selector.” The “Mode of Communication Settings” portlet displays.
4. Select the **Edit** button.

5. Select the appropriate check boxes.

6. Select **Save** to confirm the change.

## Granting User Access to Forms

In addition to granting access to the “Mode of Communication” link, the TAO must also grant the user access to “Forms.” The TAO must grant access to the “CBP Forms” portlet to any PTAO and Trade User. To grant a user access to “CBP Forms,” follow the steps below:

1. Select the **Tools** tab.

2. Select **User Access**. The “User Access” portlet will display a list of your users.

3. Select the link of the last name of the user you wish to edit in the “*Last Name*” column. The “*User Access*” portlet displays with the account information for the user selected. You can change the options for “*User Role*” and “*Access to Top Account*” if needed.
4. Select the **Continue** button to view the current access for the user you have selected.
5. Select the **Importer** sub-tab to change to the importer account type permissions. If you are a broker, skip this step and go to step 6 to select the **Edit Broker Permission** link.
6. Select the Edit Importer **Permissions** link.
7. Select the appropriate radio button for access to the **CBP Forms** portlet.
  - “*Full Access*” will allow the user to search, display and respond to CBP forms.
  - “*No Access*” will prevent display of the “*Forms*” portlet on the “*Home*” tab.

“*Read Only Access*” is NOT available for “*Forms*.” The user will either have “*Full Access*” or “*No Access*.”

8. Select **Continue**. Changes are displayed in the “*Permissions*” column indicating the new access privileges granted.
9. Select **Save** after you have reviewed the updates made to the user’s access privileges.

## Viewing a Form

All authorized users with “*Full Access*” to forms and who have selected “*Portal*” as a mode of communication, will be able view and respond to CBP forms through their importer “*Account Type*.” Brokers responding to CBP forms 28, 29 and 4647 on behalf of their clients must do so through the importer’s portal account. Importers will need to grant brokers the appropriate access. Brokers can however respond to a post summary request for documents required through their ACE portal account.

### TAO and Proxy View of Forms

### Searching for a Form

All authorized users with "Full Access" can search for and display CBP forms. All CBP forms that still require a response or that have new information available, appear in the default list. Once a response to a CBP Form 28 or 29 is provided, it is removed from the default list; the same holds true for a "Response Received" status on a CBP Form 4647. In order to view a CBP form that has been removed from the default list, you will need to search for the form.

The "Forms" sub-tab in the "Task List" portlet shows all CBP forms that are awaiting a response from the account or that have new information available. Note: When a response has been sent by CBP, the "Status" is "Sent" for new forms and "Closed" for Form 4647. The 100 most recent CBP Forms will appear first on the list.

There are ten declarations displayed out of a total of 12. In this view only 10 declarations will be displayed on the screen.

The Up (▲) and Down (▼) arrows next to each label are used to sort the list in ascending or descending order.

The horizontal arrows and page numbers (<< ≤ [1] 2 3 >>) allow the user to navigate between pages. To go to the first or last page of the list, select the double backward arrows (<<) or double forward arrows (>>). Selecting the single arrows advances the user forward (>) or backward (<) a single page at a time. The user can also select a page number ([1] 2 3) to go directly to that page, if it is displayed.

The CBP Forms 28, 29 and 4647 Status Reports can also be run to view larger volumes of forms.

To search for a CBP Form:

1. Select the **Home** tab.
2. If the form is not displayed in the “Task List,” select the **Search Forms** link or scroll down to view the “Search Forms” portlet.
3. In the “Search Forms” portlet, enter at least two criteria.

To search for a form you must enter at least two of the following criteria:

- Form Type
- Importer of Record Number (IR #)
- Date of Issue (From and To)
- Port Code
- Date of Entry (From and To)
- Reference or File Number
- Entry Summary Number
- Manufacturer/Shipper/Seller
- CBP Status

CBP statuses are:

- Sent: CBP has issued a CBP Form 28, 29 or 4647.
- Closed: CBP has reviewed the response received from the trade and changed the status to “closed.”
- Response Received: CBP has received the trade’s response to the form.

4. Select the **Search** button. A list of CBP forms meeting the search criteria entered will be displayed.
5. Select the **Action #** link of the CBP form you wish to display.

<a href="#">000298690002</a>	CBPF28	S0000214604

The “*Edit Forms Details*” portlet displays.

6. Four sub-tabs are displayed on the CBP Form 28: “*Trade Information*,” “*ES Lines*,” “*CBP Attachments*” and “*Trade Attachments*.” The “*Trade Information*” sub-tab allows the user to input a response on a CBP Form 28.

7. Select the **ES Line** sub-tab to display the entry summary lines associated with this CBP form.

“*ES Vers #*” indicates the *Entry Summary Versioning Number*. Currently, the versioning strategy will follow the model of major (e.g. v1.00) and minor (v.01) revisions. The initial version of an entry summary submitted by trade will be v1.0. Minor revisions are made by CBP users.

8. Select the **CBP Attachments** sub-tab to see if CBP has attached any documents associated with the form.

9. Select the **Trade Attachments** sub-tab to attach any documents to the response or to view any documents attached.

10. Select **OK** to return to the “Forms” sub-tab.

CBP Form 4647: Five sub-tabs display in the “Edit Forms Details” portlet.

CBP Form 29: Three sub-tabs display in the “Edit Forms Details” portlet.

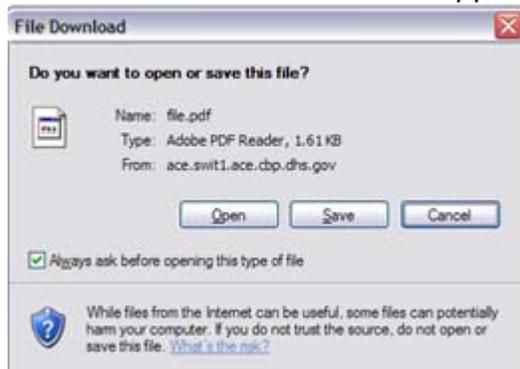

## Printing a CBP Form

After you have located the CBP form based on your search criteria, you can save a copy to your computer or print the form.

1. Select the **View Form as PDF** link.

2. A “File Download” window will appear.

3. Select **Open** to view the CBP form in a PDF version.
4. Select **Save** to save the PDF to your computer. Users can then print the CBP form by selecting the printer icon.

## Responding to a CBP Form

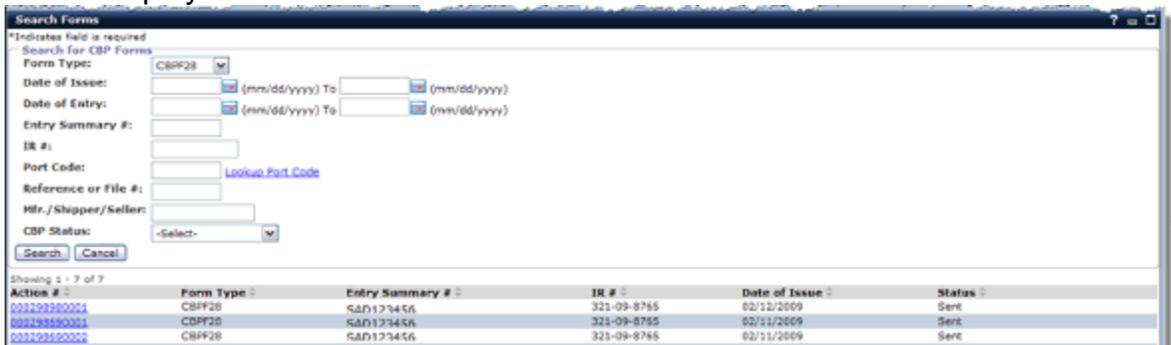

All authorized users with “Full Access” can respond to a CBP form. All CBP forms that still require a response appear in the default list with a “Status” of “Sent.”

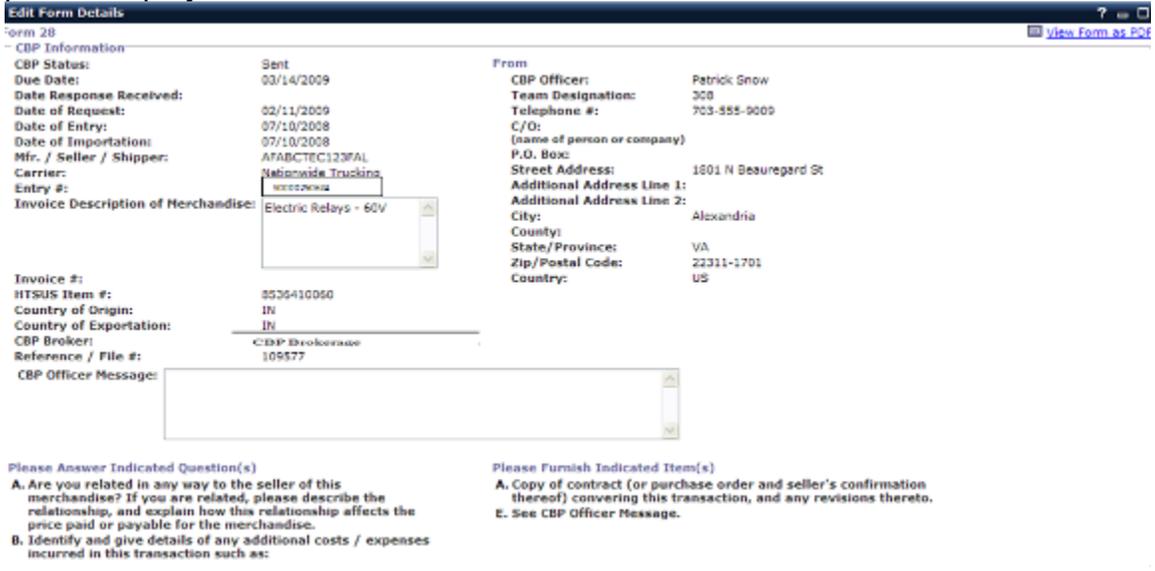

Only one authorized user can respond to a form at any one time.

**To respond to a CBP Form 28:**

1. Select the **Home** tab.
2. If the form is not displayed in the “*Task List*” select **Search Forms** link or scroll down to view the “**Search Forms**” portlet.
3. In the “*Search Forms*” portlet, enter at least two criteria.
4. Select the **Search** button. A list of CBP forms meeting the search criteria entered will be displayed.

5. Select the **Action #** link of the form you want to view. The “*Edit Forms Detail*” portlet displays.

6. Scroll to view the “*Trade Information*” sub-tab. Enter the response in the required fields.

- 7. Select the **Trade Attachments** sub-tab to attach a document to the response.
- 8. Select the **Add Attachments** link. The “*Attach Files*” portlet displays.

- 9. Select the **Browse** button to find the file on your computer you wish to add. Open the file.
- 10. Select the **Attach File** button to attach the file to the form response.

- 11. Select **Save**.
- 12. Select the **Trade Information** sub-tab again.
- 13. Either select **Save as Draft** to save all information entered for review or select **Send** to send the response to CBP.

Once the response has been submitted, CBP will review the information provided and if no additional information is required, CBP will change the “*Status*” from “*Sent*” to “*Closed*.” CBP Form 28s with a “*Status*” of “*Closed*” will be removed from the default list.

*The “Forms” sub-tab in the “Task List” portlet shows all CBP forms that are awaiting a response from the account or that have new information available. The “Status” is “Sent” for new forms and “Closed” for Form 4647 when a response has been sent by CBP. In order to view a CBP form that has been removed from the default list, you will need to search for the form.*

### To respond to a CBP Form 29:

CBP Form 29 contains three sub-tabs: “ES Lines,” “CBP Attachments” and “Trade Attachments.”

The screenshot shows the 'View Form Details' window for CBP Form 29. It includes a 'Notice of Action' section with a red warning: 'This is NOT a Notice of Liquidation'. The form details are organized into two columns: 'To' (CBP Status, Due Date, Date Response is Received, Date of this Notice, Carrier, Date of Importations, Date of Entry, Entry #, Mfr. / Seller / Shipper, Invoice Description of Merchandise) and 'From' (CBP Officer, Team Designation, Telephone #, C/O, P.O. Box, Street Address, Additional Address Line 1, Additional Address Line 2, City, County, State/Province, Zip/Postal Code, Country). Below this is a section for 'Type of Action' with options A through D. At the bottom, there are three sub-tabs: 'ES Lines', 'CBP Attachments', and 'Trade Attachments'. The 'ES Lines' tab is active and shows a table with one entry: ES # 00214604, Line # 001, SPI 8536410060, HTS # 35.00, Value 850, Entry Origin IN, MID AFABCTEC123FAL, Importer # 321-09-8765, ES Vers # 1.02. The 'CBP Attachments' tab is also active and shows a table with one attachment: File Name Thu\_Feb\_12\_16:31:16\_EST\_2009.pdf, ID 1811, Version, Date Uploaded 02/12/2009, Time Uploaded 4:31 PM. The 'Trade Attachments' tab is inactive and shows an empty table with an 'Add Attachments' button.

Once the response has been submitted, CBP will review the response and if no additional action by the trade is required, CBP will change the “Status” from “Sent” to “Closed.” CBP Form 29s with a “Status” of “Closed” will be removed from the default list.

### To respond to a CBP Form 4647:

CBP Form 4647 contains five sub-tabs: “Section III,” “ES Lines,” “CBP Attachments,” “Trade Attachments” and “Section IV.”

When the trade responds to Section III of the CBP Form 4647, the status will automatically be changed to “*Response Received*.” When CBP re-sends the form to the trade after filling out Section IV, the status of the form will change to “*Closed*.”

Once a form has been submitted to CBP it cannot be changed.

## Responding to a Post Summary Request for Documents

A CBP employee can initiate an electronic post summary request for additional documentation to the filer. The “*Documents Required*” message will be received in ABI and will contain an “*Action Number*.” The ABI message can be a request for one or more specific types of documents, as specified in the remarks text in the ABI E3 record. Providing a response to the request can be accomplished using the “*Upload Documents*” feature in the ACE Portal. Brokers responding to a “*Documents Required*” message on behalf of their clients can use the “*Upload Documents*” link located on the “*Home*” tab in the broker’s ACE portal account. Importers will not need to grant brokers access to “*Forms*” to enable brokers to respond to a post summary request for documents on their behalf.

To respond to a Post Summary “Documents Required” message:

1. Select the **Home** tab.
2. Select the **Forms** link.
3. Select the **Upload Documents** link. The “Attach Files” portlet displays.

4. Enter the **Action #** from the ABI message.
5. Select the **Browse** button to find the file on your computer you wish to add. Open the file.
6. Select the **Attach File** button to attach the file to the form response.
7. Select the **Save** button.

8. Brokers will receive a UC outbound message from ABI when the CBP import/entry specialist takes action based on the documents they receive. The “7” in position “3” of the E1-record indicates “Document Receipt Acknowledgement.”

*Individual attachment size cannot exceed 20 MB.*

CBP should be able to accept the following formats as attachments; however, all ports may not yet have all of the required software. Port personnel will contact the respondent if they are unable to open the attachment. Preferable formats are marked with an asterisks (\*).
