

February 25, 2019

To Whom It May Concern,

The U.S. Customs and Border Protection (CBP) is seeking your input concerning the replacement of the legacy primary pedestrian fence with a bollard wall near the City of San Luis, Arizona. The preliminary locations for the replacement and construction of bollard wall are shown in Figure 1 below.

CBP proposes to: (1) remove and replace an estimated 27.5 miles of existing legacy primary fence with a bollard wall along the international border near the City of San Luis, Arizona. The existing fence is outdated and will be replaced with an 18 to 30-foot bollard wall with steel anti-climb plates.

Figure 1: Map of Yuma Primary Wall Replacement Project

CBP is seeking input on potential project impacts to the environment, culture, and commerce, including potential socioeconomic impacts, and quality of life. CBP will be conducting environmental site surveys and assessments and is also gathering data and input from state and local government agencies, federal agencies, Native American tribes, and the general public that may be affected by or otherwise have an interest in the project. CBP will prepare environmental planning documents to evaluate potential environmental impacts and make those documents available to the public.

### **How to Provide Comments**

Comments and information will be accepted until March 25, 2019. Comments should include data or information that could help inform CBP's analysis of potential impacts. Helpful comments are fact-based, include links to data or research, and provide specific information concerning potential impacts. If known, your response should include any state and local restrictions, permitting or other requirements that CBP should consider during project siting, construction, and operation.

Comments, questions, or concerns can be emailed to CBP at [commentsenv@cbp.dhs.gov](mailto:commentsenv@cbp.dhs.gov). Please include "Yuma Primary Fence Replacement" in the title of your email. Comments received in response to this letter, including names and addresses of those who comment, will be part of the public record.

Further information will be available at the following web site:

[www.cbp.gov/about/environmental-cultural-stewardship/nepa-documents/docs-review](http://www.cbp.gov/about/environmental-cultural-stewardship/nepa-documents/docs-review)

You may also submit comments, questions, or concerns to the following address:

U.S. Customs and Border Protection  
U.S. Border Patrol Headquarters  
1300 Pennsylvania Ave. 6.5E Mail Stop 1039  
Washington, DC 20229-1100

We appreciate your feedback and help with evaluating the potential impacts of the project.

Sincerely,

Paul Enriquez  
Acquisition, Real Estate and Environmental Director  
Border Wall Program Management Office, U.S. Border Patrol
