**General Rules:**

- Entry must be on file in ACE before CA will be accepted.
- Transmissions for corrections can be received up to 10 days after the goods and the entry are arrived and released, unless otherwise noted.
- Corrections submissions automatically re-run business rules for the PGA(s) whose data is being corrected. This means that May Proceeds will have to be re-issued for those PGAs.
- Hold Intacts will remain even after submission of correction and will need to be resolved by the PGA.
