Presentation Objective

- The purpose of today’s webinar is to inform participants of:
  - Laredo border barrier environmental planning
  - Ways to contribute feedback

- The purpose of this effort is to develop an Environmental Assessment that will evaluate the environmental impacts of border barrier and related system elements in Laredo.

- The development of the Environmental Assessment will not involve any construction of new border barrier or permanent land acquisition.
U.S. Customs and Border Protection Mission

- **CBP Mission**: To safeguard America’s borders thereby protecting the public from dangerous people and materials while enhancing the Nation’s global economic competitiveness by enabling legitimate trade and travel.

- In supporting CBP’s mission, U.S. Border Patrol is charged with establishing and maintaining effective control of the borders of the United States.
U.S. Customs and Border Protection Mission

Border Patrol accomplishes this mission through:

- Physical barriers
- Surveillance
- Electronic sensors
- Aircraft sightings
- Interpreting and following tracks
- Traffic checkpoints
