**Commercial Customs Operations Advisory Committee (COAC)**  
**Secure Trade Lanes Subcommittee**  
**Export Modernization Working Group**  
**Draft Recommendation**

**Recommendation:**

1. COAC recommends that, for full visibility, CBP evaluate the development of a process to connect lowest level house bill of lading information to the exporting carrier's manifest for multi-modal shipments exporting the U.S. via land borders, for subsequent departure from non-U.S. air/seaports to foreign destinations.
