

CURRENT LIST OF ACE CARGO RELEASE PILOT PORTS

The ACE Cargo Release (formerly known as Simplified Entry) pilot currently supports Cargo Release processing in the air, truck and rail modes at select ports. In April 2014, the pilot will be expanded to include shipments in the truck modes. Applicants must be a self-filing importer or broker who can file ACE Entry Summaries certified for cargo release or use a software package that has completed Automated Broker Interface (ABI) certification testing for ACE and offers the ACE Cargo Release message set. For complete details on eligibility requirements, please see the ACE Cargo Release/Simplified Entry Federal Register Notices (FRNs) at: <http://www.cbp.gov/trade/ace/federal-register-notices>.
