PUBLIC BULLETIN

U.S. Customs and
Border Protection

Number: LA13-026

Date: July 12, 2013

Subject: Importer Security Filing (ISF) Enforcement Procedures

PURPOSE:

The purpose of this Public Bulletin is to notify the Los Angeles/Long Beach Seaport importing community of the commencement date for enhanced enforcement for non-compliance of the Importer Security Filing (ISF or 10+2) requirements.

BACKGROUND:

As previously posted on the CBP website on June 7, 2013, U.S. Customs and Border Protection (CBP) has completed preparations to begin the next phase of the Importer Security Filing (ISF) enforcement process. The ISF rules require importers and vessel-operating carriers to provide additional advance trade data on cargo shipments to CBP 24-hours prior to vessel lading, pursuant to Section 203 of the Security and Accountability for Every Port (SAFE Port Act) of 2006.

The Interim Final Ruling (IFR) was officially published in the Federal Register with an effective date of January 26, 2009. The IFR included a 1-year delayed enforcement (informed compliance) period which concluded on January 25, 2010. Due to the continued non-compliance of the ISF requirements, the Los Angeles/Long Beach Seaport will now apply enhanced enforcement measures to improve ISF compliance.

ACTION:

Beginning July 15, 2013, CBP in Los Angeles/Long Beach will make use of the newly activated cargo holds in the Automated Cargo Environment (ACE) system to address non-compliance with the ISF rule. CBP will hold all non-compliant ISF shipments at the terminal until the required ISF is filed. Once the ISF data is received and a security assessment is made, additional enforcement actions including Non-Intrusive Inspection (NII) and/or intrusive exams may be initiated. CBP may also assess liquidated damages of up to \$5,000 per violation as warranted. Costly and untimely delays in cargo processing can be avoided through compliance with the ISF rule.

Los Angeles Field Office
P. O. Box 32639
Long Beach, CA 90832

Los Angeles/Long Beach Seaport
301 E. Ocean Boulevard
Long Beach, CA 90802

Los Angeles International Airport
11099 S. La Cienega Boulevard
Los Angeles, CA 90045

The chart below explains the updated codes.

Code	Name/Disposition	Action
2O	ISF Hold for no ISF on file	Informs the carrier that this shipment has a manifest hold.
2P	ISF Hold - ISF Compliance Issue	Informs the carrier that this shipment has a manifest hold.
4O	ISF Hold Removed for no ISF on file	Generated to remove the ISF Hold identified in 2O
4P	ISF Hold Removed for ISF Compliance Issue	Generated to remove the ISF Hold identified in 2P

If you have any questions, please contact a CBP Supervisor at (310) 847-4770.

Sincerely,

Carlos C. Martel
Port Director
Los Angeles/Long Beach Seaport
