## Requirements Description

<b>Business Area:</b>	ACE Reports
<b>Request Type:</b>	Business Need
<b>Impacts Trade?</b>	Yes
<b>Description of Change:</b>	For ACE Portal report users to take full advantage of the ability to modify ACE reports to meet their specific needs, the list of data objects that are available to drag and drop into the report should be in alphabetical order rather than the random order now used. This would make it faster and easier for all users to customize reports to meet their needs. In addition, it would be nice to see all attributes grouped together and all metrics together. This change applies to all report categories. This request began as GIF 223, was renumbered to GIF 271)
<b>Benefit of Change:</b>	This change would make customizing reports quicker and easier for CBP, PGA and trade users. It would also reduce the number of calls to the Help Desk asking whether a data element is available to be added to a particular report.
