Assign to System: ACE	Assign to Release/Delivery: M1, M2.1, M2.2, M2.3

Requirements Description

Business Area:	ACE Carriers
Request Type:	Business Need
Impacts Trade?	Yes
Description of Change:	<p>Allow for pending in-bond actions to be held for activation (i.e. Permits to Transfer, additional in-bond legs).</p> <p>Currently if a shipment is moving in-bond and has not yet arrived at the in-bond destination port and an additional in-bond movement is required beyond that port it is not allowed. If a carrier has initiated a bond and a broker or other party to the transaction wishes to add an in-bond leg it should be accepted and held pending the arrival at the initial bonded port and processed after the arrival is reported. This is particularly important when the cargo arrives on a weekend and offices are closed resulting in cargo delays.</p> <p>ASSUMPTIONS</p> <ol style="list-style-type: none"> 1. Policy and Regulatory Issue
Benefit of Change:	This would avoid re-work, reduce cargo delays and minimize the burden of monitoring shipment arrivals by third parties.
Impact Assessment:	Unknown at time of entry in tool.
