Requirements Description

Business Area:	ACE Reports
Request Type:	Business Need
Impacts Trade?	Yes
Description of Change:	<p>Brokers receive separately from the local ports a monthly port activity report which should be made available through the ACE portal . Having the quick views customized to meet brokers needs allows them to better manage their business.</p> <p>The brokers would like to be able to generate a report monthly which would show:</p> <ul style="list-style-type: none"> For a given port, the total number of entry summaries filed For that port, total entered value of the entry summaries filed For that port, total duties, taxes and fees For that port, total number of entry summaries broker filed For that port, total entered value of entry summaries broker filed. For that port, total duties, taxes, and fees filed by the broker % broker's share of the number of entry summaries filed at

	<p>the port</p> <p style="padding-left: 40px;">% broker's share of the entered value of entry summaries filed at the port</p> <p style="padding-left: 40px;">% broker's share of duties, taxes and fees at the port</p> <p>This would allow trade and CBP access to the same data and to have a quick overview of basic account information.</p> <p>Since the trade will have access to "raw" data, CBP will not be burdened with constantly sending out numerous hardcopy reports at the trade's request.</p>
