**Export, Multi-Modal Manifest, ITDS Joint Committee Report (Automated Export Manifest Task Group)**

- The AEM Task Group held a teleconference with CBP on February 8 to discuss the revalidation of the trade's export manifest user requirements. Regular meetings will be held with the Task Group as they work with their individual committees on the revalidation effort.
- The next meeting of the AEM Task Group is scheduled for March 14.
- The trade co-chairs of the MMM, Export, and ITDS Committees are coordinating the work of the Automated Export Manifest (AEM) Task Group. The AEM Task Group was formed to coordinate the review and development of trade user requirements related to the automated export manifest. The task group is reviewing trade export manifest user requirements that are currently documented, to determine if they are still accurate, required, need updating, should be deleted, and/or add new requirements as necessary.

**Export Committee**

- Members of the Export committee who are part of the AEM Task Group participated in an AEM Task Group Meeting on February 8 to discuss the next phase of system development for the automated export manifest.
- The next meeting of the AEM Task Group is scheduled for March 14.
- The AEM Task Group was provided all of the current documented GIFs as well as the Automated Export Requirement Document dated January 19, 2011 for a final review of the details to ensure that all current requirements are documented by mode and if new functionality is needed that is not currently covered in the requirements.

**ITDS Committee**

- Members of the ITDS committee who are part of the AEM Task Group participated in an AEM Task Group Meeting on February 8 to discuss the next phase of system development for the automated export manifest. The next meeting of the AEM Task Group is scheduled for March 14.

### **Multi-Modal Manifest Committee**

- The MMM Committee met, in conjunction with the CESAC committee on February 27 and 28 to discuss the status of e-Manifest: Rail and Sea (M1). CBP representatives Jim Swanson, Jim Klosko, Randy Slusher, and Randy Mitchell were available to discuss the status of the M1 deployment and to address issues raised by the trade on the manifest filings.
- The MMM committee also met, in conjunction with the CESAC committee, with CBP on February 28 and 29 to discuss the status of the automated export manifest user requirement development effort and the status of the trade (MMM, ITDS, and Export committees) user requirement revalidation effort. Bill Delansky (OT) and Robert Rawls (OFO) met with the MMM committee and addressed issues related to the user requirement development effort.
- The MMM committee is also involved in coordinating the effort of the AEM Task Group as documented under Export, Multi-Modal Manifest, ITDS Joint Committee Report (Automated Export Manifest Task Group) status update.
- The next meeting of the AEM Task Group is scheduled for March 14.
